

BUCKEYE GUARD

LINEAGE LINKUP

Featuring 220th Engineering Installation Squadron Zanesville, Ohio

PARENT UNIT

105th Communications Squadron

DATE & PLACE OF BIRTH

27 February 1948, Zanesville, Ohio

MISSION

Train and provide teams of skilled technicians to install wire, radio and navigational aid equipment. In addition, individual Airmen may be assigned to augment active Air Force installation teams and to perform depot level maintenance on electronic equipment. Assignments are in support of live projects at Air Force bases throughout the world.

- 1948** Constituted and Federally recognized as the 105th Communications Squadron on 27 February 1948.
- 1955** Redesignated 268th Communications Squadron (Operations), 1 July 1955.
- 1960** Redesignated Detachment 1, 269th Communications Squadron (Relay Center), 1 October 1960.
- 1968** Redesignated Detachment 1, 269th Mobile Communications Squadron (AFCCP), 15 March 1968.
- 1971** Redesignated and constituted 220th Electronics Installation Squadron. Federally recognized 6 November 1971.
- 1982** Redesignated 220th Engineering Installation Squadron, 1982.

In ceremonies at the Zanesville Air National Guard Base, Brig. Gen. Edward Power (left), assistant adjutant general for Air, presents the Ohio Air National Guard Outstanding Unit Recruiting and Retention Award for 1981 to Lt. Col. Jack McMahon, commander of the 220th Electronics Installation Squadron.

Tech. Sgt. John Lawter straps cable while securely attached to his ladder during the 1984 Air Force Communications Command Engineering Installation Shootout competition.

Maj. Gen. William G. Work, Air National Guard assistant to the commander/Air Force Communications Command, attaches the Air Force Outstanding Unit Award Streamer to the 220th Engineering Installation Squadron's guidon in ceremonies conducted at the Zanesville Air National Guard Base in April 1986.

Group Radio section, 220th Engineering Installation Squadron, 1987.

Airmen with the 220th Engineering Installation Squadron stand at attention after receiving medals for their deployment in support of the Global War on Terror, 2009.

Staff Sgt. Nicholas Norris performs an antenna preventative maintenance inspection perched high on a tower at Rickenbacker Air National Guard Base, July 17, 2014.

Airmen with the 220th Engineering Installation Squadron, Ohio Air National Guard, and Soldiers with the 2nd Battalion, 174th Air Defense Artillery Regiment, Ohio Army National Guard, take a group photo in front of one of the Army's Counter-Rocket, Artillery and Mortar (C-RAM) Intercept weapons systems at Kandahar Airfield, Afghanistan, March 10, 2018. The Ohio National Guard units worked together throughout a significant portion of their deployment to complete uplift projects at KAF.
