

Ohio Federal Military Jobs Commission  
Notes  
12 June 2015  
1:00-3:00 pm  
Ohio State University

Commissioners present at the meeting were: Campbell, Ryan, and Wayt. Others in attendance were: Chad Watchorn, Mike Wiehe, Summer Moses, Paul Sullivan, Bob Clouse, Dennis Andersh, Cassie Barlow and Brian Dicken.

At 1:00 Chairman Wayt called the meeting to order and conducted a roll call. There were not enough Commissioners present for a quorum, so a meeting was not held.

Chairman Wayt informed the Commissioners that he would no longer be able to serve on the Commission dues to family health issues.

Dr. Barlow updated the Commissioners present on several items. She showed the Commissioners the OFMJC Website that is attached to the Ohio Adjutant General's website. She also told the Commissioners she was working with the Ohio Department of Administrative Services on filing the OFMJC Public Records Policy and the Records Retention Policy. In addition, she asked the Commissioners to read all of the meeting handouts in order to prepare for the next meeting.

Chairman Wayt told the Commissioners that he met with Senators Widener and Faber as well as the Lima Task Force. He explained the status of the OFMJC and the report and walked them through what the Commission has completed to date as well as the goals of the Commission. He reported that all in attendance were satisfied with the meeting.

Chairman Wayt also mentioned that the Joint Systems Manufacturing Center would like assistance from several of the OFMJC Chapter Teams based on their potential to get more work and grow their workforce. Chairman Wayt gave business cards from Lima to Dennis Andersh, Mike Wiehe and Cassie Barlow.

Dr. Barlow will work with the Commissioners to get the next meeting scheduled, as the original date is not convenient for the majority of the Commissioners.
