

200TH RED HORSE SQUADRON (RHS)

Rapid Engineer Deployable Heavy Operational Repair Squadron Engineer

Mission Statement

To provide superior engineering, construction, and logistics capability, during peacetime or combat, anywhere in the world to achieve state and federal priorities.

Command

Col. Daniel L. Tack, commander
Chief Master Sgt. Patrick Wahlers,
senior enlisted leader

Location

Port Clinton, Ohio

KEY ACCOMPLISHMENTS

- Deployed more than 600 Airmen to five countries, six states and one territory in support of missions around the world
- Completed the largest ever Air National Guard deployment for training project by finishing the construction of four 10,000 square foot facilities in Israel

AWARDS/RECOGNITION

- National Guard Association of the United States Distinguished Mission Support Plaque
- Port Clinton Chamber of Commerce's Volunteer of the Year

COMMUNITY RELATIONS EVENTS

- 200th RHS Airmen engaged in 59 community events in 15 communities directly impacting over 77,000 civilians
- Completed four Department of Defense non-funded Innovative Readiness Training (IRT) projects, including a new handicapped-accessible playground in Port Clinton and improvements to the Ottawa County Fairgrounds

CHARITABLE SUPPORT

- Adopted a family for the holidays and provided gifts for the children
- Supported local homeless veterans by serving food and building professional relationships

Deployments

- Joined a multi-unit effort in Latvia to complete a kindergarten renovation project

Training Exercises

- Completed an aircraft taxiway and ramp in N'Djamena, Chad for Flintlock 17 exercise
