

220TH ENGINEERING INSTALLATION SQUADRON (EIS)

Mission Statement

To command, organize, equip, train and administer assigned expeditionary cyberspace engineering installation and combat communication forces in support of state and federal emergencies and contingency operations.

Command

Lt. Col. Joseph Harris, commander
Chief Master Sgt. Kevin Moore
Chief Master Sgt. Timothy Day,
senior enlisted leaders

Location

Zanesville, Ohio

KEY ACCOMPLISHMENTS

- The 220th EIS continued efforts leading the Total Force EI community with the information technology infrastructure project of the USSTRATCOM Headquarters building at Offutt, Nebraska
- The 220th EIS sent a crew to Davis-Monthan Air Force Base to connect and upgrade its Instrument Landing System. The team trenched over 3,400 feet of concrete to place the duct system and excavated manhole pits along the route to set six inline precast concrete manholes

AWARDS/RECOGNITION

- Staff Sgt. David Jacobs was selected as the state's Airman of the Year

Deployments

- Along with 251st Cyberspace Engineering Installation Group and 269th Combat Communications Squadron, supported Operations Inherent Resolve and Freedom's Sentinel, with additional members deployed in support of Joint Task Force-Horn of Africa to work alongside Special Operations Forces
