HR 3016 Passes in the House!

At the time of this writing, The House of Representatives voted on and passed House Resolution (HR) 3016 in February. The bill moves on to the Senate for its approval, and from there to the President for signature. This bill makes several significant changes to education benefits for Service members and their dependents. Below is a summary of the proposed changes in this bill:

1. Additional Post-9/11 GI Bill Qualifying Time for Reservists.

Reservists on orders for medical treatment under Title 10 Section 12301(h), will be able to count that time as qualifying service and may receive increased Post-9/11 GI Bill benefits.

2. MHA Cut For Dependents Using Post-9/11.

Reduces a child's Monthly Housing Allowance (MHA) by 50%; a spouse's MHA does not change.

3. Renewed Work Study Program.

A great job opportunity for Veteran students, will be renewed until 2020.

4. Expansion of Yellow Ribbon.

Spouses and children using the Fry Scholarship will be eligible for the Yellow Ribbon program, which helps defray the cost of tuition at private or foreign schools.

5. In-State Tuition Rates.

All Soldiers, Veterans and dependents using Post-9/11 GI Bill will be charged the in-state tuition rate, regardless of where they live or attend school.

6. Flight Training Cap.

Flight training, which previously had no limit, will have the same annual cap as training at a private or foreign school.

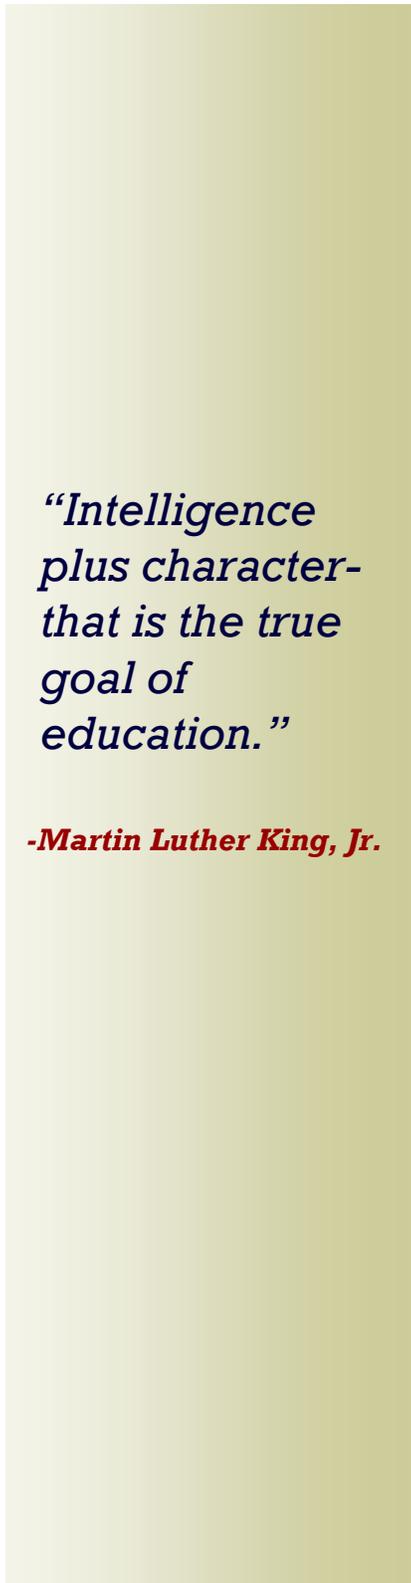

IMPORTANT!

Service members who transfer their Post-9/11 GI Bill benefits BEFORE this bill becomes law will retain the full MHA for their children while those who wait risk receiving reduced benefits.

BOTTOMLINE: Protect your child's benefits and transfer your Post-9/11 GI Bill benefits as soon as you become eligible!

DON'T WAIT - TRANSFER TODAY!
