121st Air Refueling Wing to support Hurricane Florence aircraft evacuations

COLUMBUS, Ohio – Airmen and support staff of the 121st Air Refueling Wing are preparing to receive aircraft from the 1st Fighter Wing stationed at Langley Air Force Base, Va. F-22 Raptors and T-38s seeking shelter from Hurricane Florence will arrive beginning Tuesday, Sep. 11, 2018. The 121st maintains a national disaster reception plan which supports hurricane evacuations for five wings around the country. They have provided evacuation support to A-10 Thunderbolt IIs from Moody AFB, Georgia during Hurricane Hermine and F-22 Raptors from Langley AFB during Hurricane Matthew.
