## **ENCLOSURE 1: GENERAL/OVERVIEW**

1. **Overview.** The ARNG VolEd policy is a consolidated document that provides policy and guidance for ARNG voluntary education programs and services.

2. **Applicability.** This policy applies to individuals who are entering, are currently serving, or have previously served in the ARNG.

### **3. Administration.**

a. **General.** This policy prescribes eligibility criteria, procedures, and standards for ARNG education staff to administer various ARNG education programs including: the Montgomery GI Bill-Selected Reserve (MGIB-SR), MGIB-SR Kicker, Montgomery GI Bill-Active Duty (MGIB-AD), Post-9/11 GI Bill, Transfer of Education Benefits (TEB), Federal Tuition Assistance (FTA), Credentialing Assistance (CA), and Army Personnel Testing (APT) programs.

b. **Management Controls.** Commanders at all levels are responsible for establishing and maintaining internal controls, for identifying and addressing major performance challenges, and for identifying areas that are at the greatest risk for fraud, waste, abuse, and mismanagement. Management control provisions shall be in accordance with AR 11-2, Managers' Internal Control Program. Alteration to eligibility documents will be treated as suspected fraud and thoroughly investigated to determine appropriate legal disposition.

c. **System Access.** State/Territory education staff must request the appropriate level of access to required systems and databases for the management of education programs. Refer to Enclosure 4 for a list of system requirements.

d. **Personal Identification Information (PII).** Daily operations in an education office require ARNG education staff to access PII for members and dependents of the ARNG while using a variety of databases. Every authorized user must always safeguard the confidentiality of such information to comply with the Privacy Act of 1974. When leaving your workstation, be sure to logoff each application and lock your computer for added security. See your system administrator/G6 for additional guidance and procedures.

e. **Separation of Duties.** Before eligibility for GI Bill benefits is approved, State education staff will submit eligibility recommendations using the Guard Information Management System (GIMS) or other-directed system/process. A member of the ARNG Education Support Center (ESC) will review the recommendation for accuracy and adherence to applicable DoD, HQDA, and ARNG education policy.

f. Tier Evaluations. Tier evaluations is the process of reviewing an applicant's education credentials to determine their tier status/education level for enlistment into the armed forces. Personnel assigned to the State education office are not authorized to conduct tier evaluations. For the ARNG, the Recruiting and Retention Battalion (RRB) Executive Officer (XO) or Operations Officer (commissioned officer or civilian) are the only personnel authorized to perform tier evaluations.

g. Army Board of Corrections for Military Records (ABCMR). In accordance with AR 15-185, paragraph 2-5, ABCMR is the highest level of administrative review within the Department of the Army. Title 10 USC, Section 1552 gives Service Members (SMs) and veterans the right to apply to the ABCMR to correct military records, which include the following actions: correction or amendment of dates or terms of service in enlistment, accession, affiliation, reenlistment/extension, commission, or appointment. The ABCMR requires that all administrative recourse or appeals be exhausted prior to submission of an ABCMR application. Public Law 506 requires that the request for correction of military records be submitted within three years after the error or injustice occurs, or within three years after discovering the error or injustice. Application procedures for the ABCMR can be found on their website: <http://arba.army.pentagon.mil/abcmr-overview.html>.

An ARNG installation/facility is defined as any active-duty military, Reserve, or National Guard owned, leased, or operated base, reservation, post, site, camp, building, or other facility to which DoD personnel are assigned for duty. Agents representing academic institutions or company vendors in the performance of contracted services are permitted ARNG Installation access only in accordance with the requirements of their contract and/or agreement.

e. Are accredited by a national or regional accrediting body recognized by the U.S. Department of Education by reviewing the U.S. Department of Education website at <http://ope.ed.gov/accreditation/search.aspx> and conduct programs only from among those offered or authorized by the main administrative and academic office in accordance with standard procedures for authorization of degree programs by the educational institution.

**7. Approval/Disapproval of Requests.** The State ARNG ESO will review all requests for access to ARNG installations/facilities on behalf of TAG within the ArmyIgnitED system. TAG or their designated representative has the final authority to approve, deny, suspend, or withdraw DoD Installation access permission from an institution or vendor, as deemed appropriate.

a. Denial of Access to ARNG Installation/Facility. Any institution or vendor that fails to meet the requirements outlined will be denied access to DoD Installations. 1. **Databases and Access.** The primary databases state education staff will use on a regular basis to determine eligibility and administer ARNG education benefits and entitlements are listed below.

a. ArmyIgnitED: <https://www.armyignited.army.mil>. ArmyIgnitED (AIED) is a digital Platform that automates the Federal Tuition Assistance and Credentialing Assistance Programs for eligible Soldiers. To gain access to AIED, state education staff must request access through their NGB assigned, Title 5, Supervisory Education Services Specialist (SESS). Explanation of the roles in ArmyIgnitED are listed below.

(1) Ed Center - Contractor (View only access)

(2) Ed Center - Counselor (View student profiles, approve Education Goals, action Soldier messages).

(3) Ed Center - ESS (View student profiles, create and/or approve Education Goals, approve/deny TA requests, action Soldier messages).

(4) Ed Center – ESO (View student profiles, create and/or approve Education Goals, approve/deny TA requests, action Soldier messages, approve/deny IA requests).

(5) Region ESO (Applies to SESSs only: view student profiles, approve Education Goals, reject/approve TA, action Soldier messages, create user accounts for state education staff, can work ESO actions if needed).

(6) Personnel changes. State ESOs are responsible for notifying their assigned SESS of any out-going personnel to ensure AIED access removal. Inactivity of 30 days triggers an automatic account lock. Email your SESS to request an account be unlocked.

b. ATRRS: <https://www.atrrs.army.mil/portals/logon.aspx>. The Army Training Requirements and Resources System (ATRRS) is a database used to verify completion of MOS training. Contact your State/Territory S-3, Operations Branch for “read only” access requirements.

c. BEAST: <https://beastapp.dmdc.mil/beast/>. The Benefits for Education Administration Services Tool (BEAST) is the primary DoD database which stores and transmits all service component GI Bill eligibility information to the Department of Veterans Affairs (DVA). The DVA uses this information to determine current payment eligibility for GI Bill benefits. To gain “read only” level access, users must complete the requirements listed below.

(1) Application Submissions. All BEAST access requests must be submitted via the [GI Bill Channel in MS Teams](#). Questions pertaining to the application submission process should be addressed to the ARNG Site Security Manager (SSM) Mr. Donald Sutton at: [donald.e.sutton.civ@army.mil](mailto:donald.e.sutton.civ@army.mil).

(2) Document Requirements. All requests for access to the BEAST application must include a DD Form 2875 System Authorization Access Request (SAAR). The following blocks must be completed:

(a) Part I, all blocks completed by the requester;

(b) Part II, blocks 13-17e, completed by the State Education Services Officer (ESO) or Supervisor

(c) Surrogate. Surrogate access allows a user to initiate, modify, or revoke a TEB request on behalf of a separated Soldier. No more than four members of the ARNG EST will be granted Surrogate access.

(d) Super User. Super User access allows a user to transfer months to Colmery- eligible dependents. The NGB PM, one member of the EST, and two alternates will have Super User access.

(4) Safeguarding information. Only users authorized by the ARNG Site Security Manager (SSM) may access or view information in the BEAST Application. Every authorized user must always safeguard the confidentiality of such information to comply with the Privacy Act of 1974.

(5) Personnel changes. State ESOs are responsible for notifying the ARNG BEAST SSM of any out-going personnel to ensure BEAST access removal. Inactivity of 30 days triggers an automatic account lock. Email the Site Security Manager at the address in paragraph 2a to request an account be unlocked. Inactivity of 90 days or more triggers account suspension. Users whose accounts have been suspended must reapply for access per paragraph (1) and (2) above.

d. DPRO: <https://arngg1.ngb.army.mil/v3/> The Director's Personnel Readiness Overview (DPRO) is a primary database for State education staff which provides management reports and grades State/Territory performance of their management of the GI Bill and MGIB-SR Kicker programs. e. GIMS: <https://smms.ngb.army.mil/v3>. Guard Incentive Management System (GIMS) GIMS is the database-of-record to record Soldier education counseling data, manage and administer GI Bill programs, and to process Legacy Federal Tuition Assistance (FTA) recoupment actions. GIMS management roles for state personnel are approved by NGB and include: State MGR: GI Bill-P (Primary); State Administrator; Incentive Manager (IM); Student Loan Repayment (SLRP) Manager and FTA-P. Subordinate roles are approved by the State Administrator. The GIMS Helpdesk can be used to resolve system errors and is available at: 1 (877) 339-5570 (M-F 0700-2000 EST) or via email at: ng.ncr.ngb-arng.mbx.rcms-g@army.mil.

(1) Access for ESOs. The annual SRIP annotates the GIMS access requirements and process for ESOs. In addition to those requirements, ESOs are also required to complete the Education Services Course and the GI Bill Manager's Course- (now referred to as the GI Bill and Education Services Course). **ENCLOSURE 5:**  
**MONTGOMERY GI BILL – SELECTED RESERVE (MGIB-SR)**

f. Memorandum, Subject: Clarification Regarding Concurrent Receipt of Federal Tuition Assistance and the Montgomery GI Bill-Selected Reserve Education Benefits, Office of the Under Secretary of Defense, Personnel and Readiness, 4 May 2021.

3. **Funding Authority.** The authority to execute MGIB-SR education entitlement is subject to authorization in law, appropriation of funds, and applicable regulatory guidance.

4. **Eligibility Criteria.** Eligibility for the MGIB-SR may be established only one time in a SM's career. A member of the SELRES establishes eligibility for the MGIB-SR basic benefit when they:

a. Enlist, reenlist, or extend in the SR on or after 1 July 1985, for not less than six years or, in the case of an officer, sign a DA Form 5447 agreeing to serve in the SR for six years, in conjunction with any other period of obligated service;

b. Complete the requirements for a high school diploma or equivalency certificate;

c. Complete initial active-duty training (IADT) requirements. Enlisted personnel must complete Basic Combat Training (BCT) and Advanced Individual Training (AIT) or equivalent and be awarded an MOS. Officers who did not complete IADT prior to commissioning must be branch qualified. The primary method to identify IADT completion is the course end date located in Army Training Requirements Reporting System (ATRRS). Use DD Form 214 or DA Form 1059 when ATRRS data is unavailable.

5. **Eligibility Start Date.** MGIB-SR eligibility is established when all the requirements in paragraph four have been met. For a list of eligibility status codes and eligibility status effective dates, see Appendix 1 to Enclosure 5.

6. **Period of Entitlement.** The period of entitlement for the MGIB-SR is based on the date basic entitlement was established, as follows:

a. 1 July 1985 to 30 September 1992. Eligibility expires upon completion of the 10-year period that began on the date the MGIB-SR basic entitlement was established; separation from the SR during that 10-year period; or violation of termination criteria outlined in paragraph 6 of Appendix 1 to Enclosure 5, whichever comes first; or

b. 1 October 1992 to 29 June 2008. Eligibility expires upon completion of the 14-year period that began on the date the MGIB-SR basic entitlement was established; separation from the SR during that 14-year period; or violation of termination criteria outlined in paragraph 6 of Appendix 1 to Enclosure 5, whichever comes first; or

c. 30 June 2008 to present. Eligibility expires on the date the SM separates from the SR; or upon violation of termination criteria outlined in paragraph 6 of Appendix 1 to Enclosure 5, whichever comes first.

d. SMs discharged due to a disability will receive the period of entitlement outlined in paragraph 3c of Appendix 1 to Enclosure 5.

e. A SM with an initial eligibility date prior to 30 June 2008 who is ordered to active duty in accordance with Title 10 USC Sections 12301(a), 12301(d), 12301(g), 12302, 12304, 12304a, or 12304b will have the period of entitlement extended for the period of active duty, plus four months. SMs with an initial eligibility date on or after 30 June 2008 will not have their eligibility extended.

f. SMs who are mobilized remain eligible to receive MGIB-SR payments.

g. AGR Soldiers with a MGIB-SR initial eligibility date after November 28, 1989, will have their MGIB-SR eligibility suspended while serving in an AGR status.

h. SMs who were involuntarily separated between 1 October 1991 and 31 December 2001 or between 1 October 2007 and 30 September 2014 due to unit

inactivation or involuntary separation due to a reduction in force initiative will retain eligibility for the MGIB-SR for the remainder of their period of entitlement.

i. If a SM's current education term ends after being discharged or separated, the DVA may continue to pay the SM through the end of that educational term at their discretion, provided the SM is otherwise eligible.

**7. Recoupment/Overpayment.** The DVA and Defense Finance and Accounting Service (DFAS) will recoup any unauthorized MGIB-SR payments.

a. Recoupment. SMs who receive MGIB-SR payments and lose entitlement status due to unsatisfactory participation or non-completion of their six-year military service obligation may be required to refund part of the education assistance received plus accrued interest. The DVA initiates recoupments and DFAS processes debt repayment. The recoupable amount is based on a formula prescribed by the DoD.

b. Overpayment. An overpayment occurs when a SM received MGIB-SR payments that they were not authorized to receive. An overpayment debt letter is initiated, and the overpayment is collected by the DVA.

## **8. Duplication of Educational Assistance**

a. Selected Reserve Members may concurrently receive MGIB-SR and FTA when enrolled half-time or more.

b. Concurrent use of MGIB-SR and State tuition programs is authorized unless prohibited by state specific guidelines as concurrent use is not a duplication of benefits.

c. For the purposes of benefit payments, MGIB-SR includes MGIB-SR basic benefit and Kicker, when a SM is eligible to receive Kicker payments.

d. For a SM who qualifies for two or more GI Bill programs, the maximum allowable entitlement for DVA-administered educational benefits is 36 months from any one program, and a maximum of 48 months from all programs.

e. Per ACCESS AU policy, a SM cannot receive MGIB benefits and Credentialing Assistance for the same expenses. However, if ACCESS AU does not fund an examination a SM can request reimbursement from the VA for the test.

**9. Eligibility Processing.** States must submit MGIB-SR recommendations in GIMS to change the MGIB-SR status code according to instructions in the GI Bill Manager's Handbook. If GIMS is not functional, manual processing procedures may be authorized by the Chief, Education Services Branch. Manual processing procedures for the MGIB-SR are listed in Appendix 2 of Enclosure 5.

**10. Administrative Errors.** MGIB-SR eligibility errors due to incorrect IPPS-A coding, inaccurate orders, or missing documents in iPERMS or GIMS should be addressed at the state level by correcting the data in IPPS-A and submitting a MGIB-SR

recommendation in GIMS per Appendix 1 to Enclosure 5.

11. **VA Reverse Inquiries.** If the state discovers a Soldier's eligibility status has been incorrectly determined by the VA, they may submit a reverse inquiry to the ARNG EST. Submit a reverse inquiry request via the [GI Bill Manager Channel on MS Teams](#) and attach the SM's approval or denial letter or COE.

12. **Transfer of Benefits.** The transfer of MGIB-SR benefits to a spouse or dependents is not authorized.

**APPENDIX 1 TO ENCLOSURE 5:  
CHAPTER 1606 ELIGIBILITY STATUS CODES**

1. **Overview.** The State GI Bill Manager identifies and recommends Eligibility Status Code (ESC) changes to a SM's MGIB-SR entitlement IAW law, regulation, this policy, and the GI Bill Manager's Handbook. The Eligibility Status EffectiveDate (ESED) is the date that each ESC takes effect.

2. **Ineligible.** The State GI Bill Manager must submit an MGIB-SR recommendation in GIMS to change the MGIB-SR status to an ineligible code ("A" code) for any of the following reasons:

a. AA – No Entitlement. SM has not executed a qualifying, six-year SELRES contract or service obligation with any RC on/after 1 July 1985.  
ESED = Date of entry into the ARNG.

b. AB – No Entitlement. SM executed a qualifying, six-year SELRES contract or service obligation with the ARNG on/after 1 July 1985, but has not completed IADT.  
ESED = Date SM signed the six-year contract.

c. AC – No Entitlement. SM executed a qualifying, six-year SELRES contract or service obligation with the ARNG on/after 1 July 1985 but has not completed the requirements of a secondary school diploma or equivalency certificate.  
ESED = Date SM signed the six-year contract.

d. AD – No Entitlement. SM erroneously reported as eligible with the ARNG.  
ESED = Date of entry into the ARNG.

3. **Eligible.** The State GI Bill Manager must submit an MGIB-SR recommendation in GIMS to change the MGIB-SR status to an eligible code ("B" code) for any of the following reasons:

a. BA – Eligible. SM is serving in an initial qualifying period of eligibility.  
ESED = Day of completion of all eligibility criteria. If IADT or BOLC completion is the final eligibility criteria completed, eligibility will begin the following day. When a BA code is established, State GI Bill Managers will:

(1) Issue a DD Form 2384-1, Notice of Basic Eligibility (NOBE) within 30 days;

(2) Place the NOBE on file in the SM's iPERMS as required in DoDI 1336.08.

b. BB – Eligibility Reinstated (after suspension). SM is serving in a second or subsequent qualifying period of eligibility.

ESED = Date SM returns from period of authorized non-availability (Inactive National Guard (ING) or Individual Ready Reserve (IRR)).

c. BE – Eligibility Retained. SM separated from the SR because of a disability incurred on or after the date the SM established eligibility for the MGIB-SR and was not the result of willful misconduct.

ESED = Date SM was medically discharged with state discharge orders. The SM will retain eligibility, provided the SM was otherwise eligible for MGIB-SR benefits on the date of separation, according to the following rules:

(1) For a SM who established eligibility prior to 30 June 2008, eligibility expires upon completion of the period of entitlement described in paragraph 6.a. or 6.b. of this enclosure.

(2) For a SM who established eligibility on or after 30 June 2008, eligibility expires upon completion of the 14-year period that began on the date of separation from the SR.

4. **Suspension**. A SM is authorized one period of absence (break in service) and may either transfer to the IRR, ING or may transfer to another Reserve Component. The State GI Bill Manager must submit an MGIB-SR recommendation in GIMS to change the MGIB-SR status to a suspended code (“C” code) for any of the following reasons:

a. CB – Eligibility Suspended. SM transferred from the SELRES to the ING or IRR for reasons other than to fulfill a religious missionary obligation, for a maximum of 12 months.

ESED = Effective date of transfer orders into ING or IRR.

b. CC – Eligibility Suspended. SM transferred from the SELRES to the ING or IRR to fulfill a religious missionary obligation, for a maximum of 36 months.

ESED = Effective date of transfer orders into ING or IRR.

c. CD – Eligibility Suspended. SM awaiting final determination of unsatisfactory participation (absent from drills or Annual Training only).

ESED = Date of ninth unexcused absence within a 12-month period or first day of missed Annual Training.

d. CF – Eligibility Suspended. SM entered AGR program.

ESED = Date SM entered AGR program. This is not considered a break in service.

e. CG – Eligibility Suspended. SM is in receipt of a ROTC Scholarship under Title 10 USC, Section 2107. ESED = Date SM signed a Title 10 USC, Section 2107 scholarship contract. MGIB-SR entitlement suspended under this rule will not be reinstated if the Scholarship is completed on/after 15 January 2015. Receipt of a ROTC Scholarship under Title 10 USC, Section 2107a does not impact MGIB-SR entitlement.

5. **Reinstatement from Suspension.** When certain conditions are met, the State GI Bill Manager must submit an MGIB-SR recommendation in GIMS to change the following MGIB-SR ESC to the appropriate eligible code (“B” code):

a. CB. When the SM returns to the SR within 12 months from a first authorized break in service, change the ESC to BB.

ESED = Date SM returns from period of authorized non-availability (ING or IRR). If the break in service occurred during the MGIB-SR six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, or MGIB-SR entitlement will be terminated per paragraph 6e of this enclosure.

b. CC. When the SM returns to the SR within 36 months from a first authorized break in service to complete a religious missionary obligation, change the ESC to BB.

ESED = Date SM returns from period of authorized non-availability (ING or IRR). If the break in service occurred during the MGIB-SR six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, or MGIB-SR entitlement will be terminated per paragraph 6e of this enclosure.

c. CD. When the SM is determined to be a satisfactory participant through the appeal process or after a command decision, change the ESC to the code in effect prior to suspension (BA or BB).

ESED = the ESED in effect prior to suspension. If the CD suspension occurred during the MGIB-SR six-year contractual obligation, no extension is required.

d. CF. When the SM returns to a drilling status from AGR, change the ESC to the ESC in effect prior to suspension (BA or BB).

ESED = the ESED in effect prior to suspension. If the AGR duty occurred during the MGIB-SR six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, or MGIB-SR entitlement will be terminated per paragraph 6e of this enclosure.

e. CG. When a SM completes a ROTC Scholarship under Title 10 USC, Section 2107 PRIOR to 15 January 2015, and the ESC reverts to the ESC in effect prior to suspension (BA or BB). If the SM completes the ROTC Scholarship on or after 15 January 2015, the suspension code does not change.

ESED = The ESED in effect prior to suspension.

6. **Termination.** The State GI Bill Manager must submit a MGIB-SR recommendation in GIMS to change the MGIB-SR status to a termination code (“D” code) for any of the following reasons:

a. DA – Eligibility Terminated. SM has completed the six-year contractual service obligation and is discharged or failed to reaffiliate from the ING or IRR to the SELRES within the required time limit (12/36 months) ESED = Date of discharge order or transfer to the IRR/ING.

ESED = Effective date of discharge order or transfer to ING or IRR.

GI Bill Managers will promptly enter accurate status changes into the Personnel Data System to meet statutory requirements. The GI Bill Manager must use GIMS daily and become familiar with its various management functions so that it will help to identify, record, and track MGIB-SR Kicker status changes.

c. If GIMS is not functional, manual processing procedures may be authorized by the Chief, Education Services Branch. Manual processing procedures for the MGIB-SR Kicker are in Appendix 2 of this Enclosure.

#### **9. Period of eligibility.**

a. Benefits End Date. Soldiers remain eligible for the MGIB-SR Kicker as long as they remain in a drilling status and meet the eligibility criteria of their contract or until entitlement is exhausted.

b. Mobilization Extension. The MGIB-SR Kicker payments correlate with payment of the Soldier's basic MGIB-SR benefit. If MGIB-SR eligibility is extended beyond the member's ETS due to a mobilization, the MGIB-SR Kicker will be extended for the same period.

c. Medical. ARNG MGIB-SR Kicker eligible Soldiers medically discharged due to a disability incurred through no misconduct of the Soldier will remain eligible for MGIB-SR Kicker benefits IAW Appendix 1 to Enclosure 6, paragraph 3c.

d. Termination. Soldiers lose their eligibility for benefits on the date of termination and will not be reinstated IAW Appendix to Enclosure 6, paragraph 6.

**10. Method of Payment.** The Department of Veterans Affairs makes GI Bill payments. A Soldier enrolled full-time may receive up to 36 monthly payments in conjunction with basic GI Bill benefit payments. Payments for less than full-time enrollment are prorated based on the rate of pursuit. The amounts are valid for the entire term of the contract, regardless of future increases or decreases, unless the Officer/Soldier violates the terms of the MGIB-SR Kicker contract.

**11. Incentive Combinations.** Unless specifically prohibited by the Selected Reserve Incentive Policy (SRIP), the MGIB-SR Kicker is authorized to be combined with all other incentives. See the current SRIP for guidance on which incentives are authorized or prohibited to be issued in combination with the MGIB-SR Kicker.

**12. Recoupment/Overpayment.** The DVA and Defense Finance and Accounting Service (DFAS) will recover any unauthorized MGIB-SR payments.

a. Recoupment. SMs who receive MGIB-SR Kicker payments and lose entitlement due to unsatisfactory participation or non-completion of six-year military

service obligation may be required to refund part of the education assistance received plus accrued interest. The DVA initiates debt GI Bill/ and Kicker recoupment. DFAS processes DVA debt recoupments. The recoupable amount is based on a formula prescribed by the DoD.

b. Overpayment. An overpayment occurs when a SM received MGIB-SR payments that he/she was not authorized to receive. The DVA initiates communication and recoupment actions to the overpaid SM and dependent if applicable.

13. **Administrative Errors.** State-level Administrative Correction Requests (ACRs) submitted in GIMS must be submitted IAW the appendix to this enclosure and/or the GI Bill Manager's Handbook. ACRs correct the following issues:

- a. MGIB-SR Kicker eligibility errors due to incorrect IPPS-A coding;
- b. Inaccurate orders or missing documents in iPERMS or GIMS.

14. **Exception to Policy Process.** Information on how to submit an Exception to Policy (ETP) for the MGIB-SR Kicker is in the GI Bill Manager's Handbook. ETPs will be requested and processed in the [GI Bill Programs channel](#) located in the ARNG Staff-Education Services team on MS Teams.

- a. ETPs require the following documents:
  - (1) A statement from the Soldier
  - (2) A statement from the Soldier's Commander
  - (3) A statement from the ESO
  - (4) Any other documentation not available in iPERMS to support the ETP

- c. When the ETP is returned, follow the directions on the approval/disapproval memorandum.

**APPENDIX 1 TO ENCLOSURE 6:**  
**MGIB-SR KICKER ELIGIBILITY STATUS CODES**

1. **Overview.** The State GI Bill Manager identifies and recommends Eligibility Status Code (ESC) changes to a SM's MGIB-SR Kicker IAW this policy and the GI Bill Manager Handbook. The Eligibility Status Effective Date (ESED) is the date that each ESC takes effect.

2. **Ineligible.** The State GI Bill Manager must submit an MGIB-SR Kicker Administrative Correction Request (ACR) in GIMS to change the Kicker status to an ineligible code ("A" code) for any of the following reasons:

a. AA – No six-year obligation

b. AB – No Entitlement. SM executed a qualifying, six-year SELRES contract or service obligation with the ARNG on/after 1 July 1985 but has not completed IADT. ESED = Date SM signed the six-year contract.

c. AC – No Entitlement. SM executed a qualifying, six-year SELRES contract or service obligation with the ARNG on/after 1 July 1985 but has not completed the requirements of a secondary school diploma or equivalency certificate. ESED = Date SM signed the six-year contract.

d. AD – No Entitlement. SM erroneously reported as eligible with the ARNG. ESED = Date of entry into the ARNG. For Soldiers whose Kicker addendum is missing, code records AD pending recovery of the addendum or approval of an ETP.

3. **Eligible.** The State GI Bill Manager must submit an MGIB-SR Kicker ACR in GIMS to change the Kicker status to an eligible code ("B" code) for any of the following reasons:

a. BA – Eligible. SM is serving in an initial qualifying period of eligibility. ESED = The day all eligibility criteria are complete. If IADT or Branch Qualification is the final criteria completed, eligibility will begin the following day. When eligibility is established, State GI Bill Managers will process an ACR to change the eligibility status code to BA.

b. BB – Eligibility Reinstated (after suspension). SM is serving in a second or subsequent qualifying period of eligibility. ESED = Date SM returns from period of authorized non-availability, ING, or IRR.

c. BE – Eligibility Retained. SM separated from the SR because of a disability incurred on or after the date the SM established eligibility for MGIB-SR Kicker and was not the result of willful misconduct. ESED = Date SM was medically discharged with state discharge orders.

The MGIB-SR Kicker may be continued or extended under the same circumstances and for the same periods as the basic MGIB-SR entitlements. These circumstances are outlined in Appendix 1 to Enclosure 5, Para 3c.

4. **Suspension.** A SM is authorized one period of absence (break in service) and may either transfer to the IRR, ING or may transfer to another Reserve Component. The State GI Bill Manager must submit an MGIB-SR Kicker ACR in GIMS to change the Kicker status to a suspended code ("C" code) for any of the following reasons:

a. CB – Eligibility Suspended. SM transferred from the SELRES to the ING or IRR for reasons other than to fulfill a religious missionary obligation, for a maximum of 12 months.

ESED = Date of transfer orders into ING or IRR.

b. CC – Eligibility Suspended. SM transferred from the SELRES to the ING or IRR to fulfill a religious missionary obligation, for a maximum of 36 months.

ESED = Date of transfer orders into ING or IRR.

c. CD – Eligibility Suspended. SM awaiting final determination of unsatisfactory participation (absent from drills or Annual Training only).

ESED = Date of ninth unexcused absence within a 12-month period or first day of missed Annual Training.

d. CE – Eligibility Suspended. SM accepts a MILTECH position. This is not considered a break in service.

ESED = date SM enters MILTECH status.

e. CF – Eligibility Suspended. SM enters the AGR program. This is not considered a break in service.

ESED = Date SM entered AGR program.

f. CG – Eligibility Suspended. SM is in receipt of a ROTC Scholarship under Title 10 USC, Section 2107.

ESED = Date SM signed a Title 10 USC, Section 2107 scholarship contract. MGIB-SR entitlement suspended under this rule will not be reinstated if the ROTC Scholarship is completed on/after 15 January 2015 IAW DoDI 1322.17. Note: Receipt of a ROTC Scholarship under Title 10 USC, Section 2107a has no impact on MGIB-SR Kicker entitlement.

5. **Reinstatement from Suspension.** When certain conditions are met, the State GI Bill Manager must submit Kicker ACR in GIMS to change the following Kicker ESC to the appropriate eligible code ("B" code):

a. CB. When the SM returns to the SR within 12 months from a first authorized break in service, the ESC changes to BB.

ESED = Date SM returns from period of authorized non-availability (ING or IRR). If the break in service occurred during the six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, or MGIB-SR entitlement will be terminated per paragraph 6e of this appendix.

b. CC. When the SM returns to the SR within 36 months from a first authorized break in service to complete a religious missionary obligation, the ESC changes to BB. ESED = Date SM returns from period of authorized non-availability (ING or IRR). If the break in service occurred during the six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, or MGIB-SR entitlement will be terminated per paragraph 6e of this appendix.

c. CD. When the SM is determined to be a satisfactory participant through the appeal process or after a command decision, the ESC reverts to the code in effect prior to suspension (BA or BB).  
ESED = the ESED in effect prior to suspension. If the CD suspension occurred during the MGIB-SR six-year contractual obligation, no extension is required.

d. CE. When the SM leaves the MILTECH status, the ESC reverts to the ESC in effect prior to suspension (BA or BB).  
ESED = the ESED in effect prior to suspension. If the MILTECH status occurred during the six-year contractual obligation, no extension is required.

e. CF. When the SM returns to a drilling status from AGR, the ESC reverts to the ESC in effect prior to suspension (BA or BB).  
ESED = the ESED in effect prior to suspension. If the AGR duty occurred during the six-year contractual obligation, the SM must extend within one year of return for a period equal to or greater than the time not served in the SELRES in a drilling status during the contractual obligation, and return to the same critical skill unless otherwise authorized by the Director of the ARNG... Failure to extend or remain in the same critical skill will result in the MGIB-SR Kicker termination per paragraph 6.e. of this appendix.

f. CG. When a SM completes a ROTC Scholarship under Title 10 USC, Section 2107 PRIOR to 15 January 2015, the ESC reverts to the ESC in effect prior to suspension (BA or BB).  
ESED = The ESED in effect prior to suspension.

**6. Termination.** The State GI Bill Manager must submit a MGIB-SR Kicker ACR in GIMS to change the following Kicker ESC to the appropriate termination code ("D" code) for any of the following reasons:

a. DA – Eligibility Terminated. SM has completed the six-year contractual service obligation and is discharged or failed to reaffiliate from the ING or IRR to the SELRES within the required time limit (12/36 months). ESED = Date of discharge order or

transfer to ING or IRR.

b. DB – Eligibility Terminated. After completion of the six-year contractual service obligation, SM is discharged (Civilian Break); failed to re-affiliate from the ING or IRR to the SELRES within the required time limit (12/36 months); or has a second break in service for any reason.

ESED = Date of separation

c. DC – Eligibility Terminated. SM is deceased.

ESED = Date of death.

d. DD – Eligibility Terminated. SM is determined to be an unsatisfactory participant.

ESED = Date of ninth unexcused absence or first missed day of Annual Training.

e. DE – Eligibility Terminated. SM is discharged(civilian break) before completing the six-year obligation or fails to extend after returning to the SELRES per paragraph 5.a., 5.b. or 5.d. of this enclosure.

ESED = Effective date of discharge order or transfer to ING or IRR.

g. Army Regulation (AR) 635-200, Active Duty Enlisted Administrative Separations, 19 December 2016.

3. **Eligibility.** SMs who meet all the following requirements may be eligible for TEB approval. The eligible SM must meet all the requirements prior to TEB approval:

a. Be serving in an active status as a drilling member of the SELRES, AGR, or on active duty;

b. Be entitled to the Post-9/11 GI Bill, have remaining eligibility, and not be past the delimiting date;

c. Have completed at least six years of creditable service in the Armed Forces (active duty or SELRES);

d. Not be serving under a Suspension of Favorable Personnel Actions (SFPA) Flag, including flags for failure to maintain physical fitness or height and weight standards;

e. Commit to serve at least four continuous years in the ARNG in accordance with paragraph 9 of this policy. The SM must have an Expiration Term of Service (ETS) date, Retention Control Point (RCP), or Mandatory Release Date (MRD) equal to or greater than four years from the TEB request date.

f. For the purposes of meeting the requirement in paragraphs c and e, a creditable year is any year in which a SM:

(1) Completes one year of service in any active component, or

(2) Earns 50 or more points toward retirement eligibility in an active status in the Reserve Component.

g. Creditable years of service are verified using:

(1) DD Form 214, NGB Form 23, or NGB Form 220.

(2) Contractual documents within iPERMS verified with supporting database evidence within IPPS-A, BEAST, or GIMS.

h. Effective 31 August 2018, a SM who has been awarded a Purple Heart is only required to meet the requirements in paragraph a and b. They are not required to meet time in service, flagging, or service obligation requirements.

i. The SM must meet all eligibility requirements on their TEB request date, and supporting documents must be available in the SM's iPERMS file or within the documents tab in GIMS at the time the request is reviewed, or the request will be rejected. The SM may reapply when all eligibility requirements are met, and documents are provided. The four-year service obligation will be calculated from the newest request date.

j. If a request is denied but the SM provides evidence that they did meet the eligibility requirements on the original request date, the denied request will be approved, and the service obligation will be calculated from the original request date.

k. A SM who was considered under a Qualitative Retention Board (QRB), Release from Active Duty (REFRAD), or Integrated Disability Evaluation System (IDES) boards who has been selected for retention and is able to commit to the required service obligation may apply for TEB.

**4. Eligibility Exclusions.** Soldiers are not eligible for TEB approval unless they meet all the requirements in paragraph 3. This includes but is not limited to:

- a. A SM who is not eligible for the Chapter 33 Post-9/11 GI Bill, including a SM whose eligibility has expired IAW Enclosure 8, paragraph 7i of this policy;
- b. A SM who separated from active duty or active service in the SELRES prior to 1 August 2009;
- c. A separated SM who failed to request TEB while serving on active duty or while in an active status in the SELRES;
- d. A SM who is unable to commit to the required TEB service obligation due to Retention Control Point (RCP), Mandatory Retirement Date (MRD), maximum age, or State or ARNG policy;
- e. A SM who submits a TEB request on or after the convening date for a force-shaping board such as the QRB or REFRAD Board. A SM considered under these boards who is selected for retention and can commit to the required service obligation may apply for TEB;
- f. A SM who submits a TEB request on or after being enrolled in the Integrated Disability Evaluation System (IDES), which includes Medical Evaluation Board (MEB) and Physical Evaluation Board (PEB). A SM who completes the evaluation and is found fit for duty may apply after committing to the required service obligation;
- g. A SM who submits a TEB request while serving under Sanctuary orders; or
- h. A SM who has an active SFPA Flag indicator in GIMS, including failure to maintain fitness or height and weight standards (codes J or K). A SM who is flagged on the TEB request date will have their TEB request denied. The SM may reapply after the flag is cleared.

5. **Eligible Dependents.** Eligible dependents must be enrolled in the Defense Enrollment Eligibility Reporting System (DEERS). Each SM is responsible for ensuring their dependents are appropriately identified in DEERS and on the TEB website as eligible.

- a. A SM approved to transfer unused Post-9/11 GI Bill benefits may transfer to:
  - (1) A spouse;
  - (2) One or more children under age 21, or under age 23 if the dependent is full-time student;
  - (3) A ward or foster child placed in the legal custody of the SM as a result of a court order for at least 12 months prior to requesting TEB; or
  - (4) A combination of the above.

b. An eligible SM may transfer education benefits at any time. However, after separating from military service, a SM cannot transfer benefits to additional dependents who have not previously received transferred benefits.

c. A SM serving in an active status who previously transferred benefits may add additional dependents without incurring an additional service obligation.

d. A SM who previously transferred education benefits may modify the number of months transferred to their dependents at any time, regardless of whether the SM is currently serving or has discharged from the ARNG. They may increase, decrease, or revoke the months transferred.

e. A SM may transfer up to 36 months of education benefits, or the number of any unused Post-9/11 GI Bill benefit months remaining as determined by the DVA, whichever is less.

## 6. Responsibilities.

a. Service member. Each SM requesting TEB will:

(1) Contact the DVA and confirm the number of GI Bill months that are available to be transferred [https://www.benefits.va.gov/gibill/contact\\_us.asp](https://www.benefits.va.gov/gibill/contact_us.asp);

(2) Seek counseling from the State Education Office regarding any questions before submitting a TEB request;

(3) Confirm they are eligible for the Post-9/11 GI Bill;

(4) Verify the documents necessary to validate Post-9/11 GI Bill and TEB eligibility are available in iPERMS;

(5) Ensure they will have at least four years of ARNG service remaining on the TEB request date;

(6) Coordinate with their designated ARNG representative to remove any flags that prevent TEB approval;

(7) Ensure eligible family members are entered in DEERS;

(8) Submit a TEB request on the DoD TEB section in milConnect at <https://milconnect.dmdc.osd.mil/milconnect>, and acknowledge and agree to the required service obligation by checking each box and clicking the submit button;

(9) Review their military email (army.mil) account for correspondence and respond in a timely manner;

(10) Log into the TEB website to check on the status of their TEB request and to verify the TEB Obligation End Date (OED);

(11) Review the TEB approval form on the TEB website for accuracy and retain a copy for their personal records; and

(12) Serve until the OED listed in milConnect and on the TEB approval form.

b. Unit Commanders. Unit Commanders or their delegates will:

(1) Assist the SM by completing a reenlistment/extension, if necessary;

(2) Ensure the SM Post-9/11 GI Bill and TEB eligibility documents are properly uploaded to iPERMS;

(3) Review each SM TEB OED in GIMS prior to forwarding a request for separation or retirement orders or orders transferring to the IRR or ING;

(4) Coordinate with the State Education Office for individual separation counseling for the SM if the TEB OED will not be completed; and

(5) Ensure separation counseling documentation (Appendix to this enclosure) is uploaded into the SM record in GIMS.

c. State Education Services Officer. The State Education Services Officer (ESO) or delegate will:

(1) Monitor the appropriate work bins in GIMS and assist the SM with providing necessary documentation for TEB approval;

(2) Provide individual education counseling upon SM request for a SM considering TEB;

(3) Ensure SM and Units are briefed annually on TEB eligibility criteria, the required service obligation, consequences for failure to complete the service obligation, SM responsibilities, and dependent use;

(4) Counsel each separating SM who will not complete their OED;

(5) Upload separation counseling documentation (Appendix to this enclosure) into the SM record in GIMS; and,

(6) Act as a liaison, as necessary, between all parties to assist the SM through the TEB approval process.

d. The ARNG Education Support Team. The EST will:

(1) Verify the SM TEB eligibility requirements using documents and data in iPERMS, GIMS, and/or BEAST and ensure compliance with ARNG TEB requirements;

(2) Communicate with the requesting SM and State Education Services Officer via military email (army.mil) concerning necessary approval steps and/or missing required documents;

(3) Record the TEB request approval or denial in GIMS and the TEB website;

(4) Record the SM TEB OED in GIMS and the TEB website; and

(5) Modify SM established TEB OED to the date of separation upon notification of SM separation from the ARNG for reasons identified in paragraph 11 of this policy.

## 7. Procedures to Transfer.

a. The SM must use the milConnect website to request TEB. Only dependents enrolled in DEERS and listed as eligible in the TEB website at the time of the transfer's request are eligible to receive TEB benefits;

b. By electing to transfer benefits, the SM agrees to serve the TEB service obligation as outlined in paragraph 9.

c. The TEB request will be rejected if a SM does not have four years of service remaining on their contract. The SM must extend to meet the service obligation before applying for TEB. The SMs ETS date, RCP, or MRD **must** be four or more years from the TEB request date.

d. After approval, the SM must use the TEB website to modify or revoke transferred benefits.

(1) A SM who modifies benefits or adds new dependents does not incur an additional service obligation. A SM may only add new dependents while serving in an active status.

(2) Revoking benefits will not automatically remove the associated service obligation. After revoking benefits from all dependents, a SM may request removal of the service obligation. The ARNG considers removing service obligations on a case-by-case basis. Once a dependent uses transferred benefits, the SM is required to serve until their OED. Unless the SM meets one of the authorized exceptions in paragraph 11, failure to complete the service obligation will result in recoupment of all previously paid benefits by the DVA.

## 8. **TEB Approval.**

a. The EST will verify that the SM requesting TEB meets all the eligibility requirements prior to approving a TEB request. The EST will immediately reject requests that do not meet all the eligibility requirements.

b. The EST will update GIMS and the TEB website to record the SM OED. The EST is not responsible for ensuring a SM dependent information is correct.

c. The SM transferring benefits is responsible for returning to the TEB website to verify the approval status of the TEB request. The SM must notify the State ESO immediately if they do not intend to complete the entire service agreement.

d. Upon approval of the TEB request, the SM should retain a copy of the TEB approval form from the TEB website for their personal records.

e. After the determination of the TEB request, the EST will send an email to the SM at the military email address listed in the global address book.

f. It is the State ESOs responsibility to answer questions regarding TEB approval or disapproval.

9. **Service Obligation.** All SMs requesting TEB must commit to a four-year service obligation beginning on the TEB request date, regardless of their previous years of service.

a. The TEB service obligation begins on the date of the SM TEB request and runs concurrently with any other additional service agreements in effect at the time of the transfer. The TEB benefit will not limit any other reenlistment option or incentive to which a SM may be eligible.

b. The service member may serve the four-year obligatory period on active duty in the regular component, in an active status as a member of the SELRES, or in the IRR on active duty.

c. During the four-year obligatory period, SMs are not authorized a break in service. Any break in service during the service obligation, including transfer to the IRR or ING, is a failure to complete the service obligation.

d. The SM may transfer to another component during the TEB service obligation. The transfer must occur without a break in service.

(1) If the SM received an approved TEB request while serving in the ARNG and the SM transfers to another component prior to completing the service obligation, it is the SM responsibility to provide documentation to the EST demonstrating acceptance in another component. The SM must also demonstrate the ability to complete the balance of the TEB service obligation in that component.

(2) If the SM received an approved TEB request while serving in another component and the SM transfers to the ARNG prior to completing the service obligation, it is the SM responsibility to provide documentation to the EST demonstrating that they remain eligible for TEB and are able to complete the balance of the service obligation in the ARNG.

e. Completing the requirements for regular or non-regular retirement (20-Year Letter) does not absolve the SM from completing the TEB service obligation.

**10. Failure to complete the service obligation.** SM who separates from the ARNG prior to completing their TEB service obligation are not eligible to retain a previously approved TEB. Violating the TEB service obligation triggers TEB termination, and if any dependent has received payment, the SM and dependents may incur an overpayment debt from the DVA for the full amount of benefits paid.

a. Failure to complete the service obligation includes, but is not limited to -

(1) A SM who transfers to the IRR or ING prior to completing the service obligation;

(2) A SM who is released from the ARNG for performance, conduct, and/or potential for advancement reasons including, but not limited to separation under the provisions of the Qualitative Management Program (QMP);

(3) A SM who receives an involuntary (punitive) reduction in rank and cannot complete the service obligation due to a change in their RCP or MRD;

(4) A SM who receives a 20-Year Letter and retires prior to their OED;

(5) A SM who retires or separates in lieu of consideration by a separation board;

(6) A SM who fails to complete the required TEB service obligation for any reason not specifically authorized in paragraph 11;

(7) A SM who is involuntarily separated for refusal to receive the COVID-19 vaccination.

b. A SM whose TEB has been rejected for failure to complete the service obligation is not precluded from entering another TEB request if they return to active status and are otherwise eligible. However, a subsequent TEB approval does not alleviate any debt that incurred from the previous rejected transfer. The most recent approved TEB request determines the SMs OED.

**11. Authorized Exceptions.** A SM who fails to complete the TEB service obligation and is separated from the ARNG due to one of the following situations may retain TEB, provided the TEB request was approved and an OED established prior to separation.

- a. Death of the SM. The death of a SM who transferred benefits will not affect the use of the entitlement by the dependent to whom the entitlement was transferred;
- b. Discharge or release from the ARNG for a pre-existing medical condition which was not service-connected;
- c. Discharge or release from the ARNG for hardship;
- d. Discharge or release from the ARNG for a disability, or a physical or mental condition that was not characterized as a disability and did not result from the individual's own willful misconduct but did interfere with the individual's performance of duty;
- e. Entry into Sanctuary and completion of the full Sanctuary period;
- f. Transfer to the IRR in an active duty or mobilized status; or,
- g. Involuntary discharge or release through a service force-shaping or reduction in force initiative. The SM must request TEB and be eligible for approval prior to the convening date of any separation board. The SM must not retire in lieu of consideration by a separation board. Examples of force-shaping or reduction in force initiatives include but are not limited to:

- (1) QRB.
- (2) Temporary Early Retirement Authority (TERA);
- (3) Selective Early Retirement Board (SERB) and Enhanced Selective Early Retirement Boards (E-SERB);
- (4) AGR REFRAD Board;
- (5) Active Service Management Board (ASMB); or
- (6) Two-time non-selection for promotion.

**12. Dependent Use of Transferred Benefits.** After a SM TEB request is approved and Post-9/11 GI Bill benefits have been transferred, eligible dependents may use the benefit as follows:

- a. Spouse:
  - (1) Upon TEB approval. The SM duty status determines the spouse's benefit payment and is the same as that of the transferring SM.
    - (a) While the transferring SM is serving in a qualifying Title 10/32 active-duty status per Enclosure 7, paragraph 4, the spouse is NOT eligible to receive the Monthly Housing Allowance (MHA).

(b) While the transferring SM is serving in a non-qualifying Title 10/32 status or is out of service, the spouse is entitled to the tuition and fees payment, the book and supplies stipend and, if otherwise eligible, MHA.

(2) A Spouse's expiration date for transferred benefits is the same as that of the transferring SM and is based on the transferring SM's last date of separation from qualifying service:

(a) If the SM's separation from qualifying service is prior to 1 January 2013, the benefits expire 15 years from the date of separation. The SM may extend this period if the SM later completes an additional qualifying period of service of at least 90 consecutive days.

(b) If the SM separation from qualifying service is on or after 1 January 2013, the benefits do not expire.

(3) Divorce will not automatically affect a former Spouse's eligibility to use a transferred benefit. However, the SM retains the right to revoke or modify a transferred benefit at any time. Law does not allow the distribution of TEB benefits to dependents by another party through the Power of Attorney process or in a divorce decree, as these benefits are not marital property.

b. Child/Dependent -

(1) After the transferring SM has completed at least 10 years of service in the Armed Forces or is involuntarily separated prior to completing the OED for reasons in paragraph 11 of this policy; and

(2) After the child has completed a secondary school diploma (or equivalency certificate) or has reached 18 years of age, whichever occurs first; and,

(3) Until their 26th birthday or until the transferred benefits are exhausted, whichever occurs first.

(4) A child's subsequent marriage will not affect their eligibility to use a transferred benefit.

(5) A SM active-duty status does not affect the child's benefit. A child is entitled to the tuition and fees payment, the books and supplies stipend, and the MHA.

c. Each of the SM's dependents must first apply for their own Certificate of Eligibility (CoE) from the DVA before they can use their transferred benefits. Dependents apply for benefits on the DVA website at <https://www.va.gov>. The DVA will determine eligibility and send the dependent a COE.

**ENCLOSURE 10:**  
**FEDERAL TUITION ASSISTANCE (FTA)**

1. **Overview.** The Army provides TA for voluntary off-duty education programs in support of a Soldier's professional and personal self-development goals. The use of TA directly contributes to retaining quality Soldiers, enhancing their career progression, improving Army readiness, and preparing Soldiers for meaningful employment in their transition from military service.

3. **Roles and Responsibility.** The FTA program is administered by NGB assigned Title 5, Department of the Army Civilians (DACs). Below are the roles and responsibilities of the personnel responsible for program administration.

a. Chief, Education Services Branch. The Chief, Education Services Branch (ARNG-HRH-C) is responsible for the overall management and administration of the FTA program for the ARNG including funding and assignment of personnel.

b. FTA Program Manager. The FTA Program Manager (ARNG-HRH-C) reports to the Chief, Education Services Branch and is responsible for ensuring the effective administration of the FTA program. The FTA Manager provides guidance, training, and support to assigned ESSs and SESSs.

c. Supervisory Education Services Specialist (SESS). NGB organizes ARNG states into regions determined by resourcing, end strength, and FTA workload. NGB assigns each region a Title 5, Department of the Army Civilian SESS to provide

supervisory oversight of the ESSs and the FTA program for the states in their assigned region(s). SESSs report to the Chief, Education Services Branch (ARNG-HRH-C) and are responsible for ensuring the effective management and administration of the FTA program in their assigned region(s).

d. Education Services Specialists (ESS). NGB assigns each state and territory a Title 5, Department of the Army Civilian (DAC) ESS to administer the FTA program. Due to limited resources, an ESS may not be physically assigned to every state. Regardless of their physical location, ESSs are responsible for administering the FTA program in their assigned state(s) and providing education counseling and support as directed.

**4. Education Center Assignment.** The following ARNG Soldiers duty status' determines the education center assigned to:

a. M-Day, Title 32 Active Duty for Operational Support (ADOS), State activated M-Day Soldiers. Assigned to their State Education Center.

b. Title 10 or 32 AGR, Title 10 ADOS, federally deployed M-Day Soldiers. Assigned to the closest Active-Duty Army Education Center.

**5. Eligibility Criteria and Benefits.** For current policy on FTA eligibility criteria and benefits refer to the latest Army Tuition Assistance (TA) policy. The latest Army TA policy is located on the [ARNG FTA/CA channel on MS Teams](#) or the [ACCESS AU Counselor Team](#).

**6. Service Obligation.** Below is information pertaining the service obligation incurred by ARNG Soldiers receiving FTA benefits. For additional information on service obligations refer to AR 621-5 and the latest Army Tuition Assistance policy.

a. ARNG commissioned officers serving in an M-day status in the ranks of CW2, 2LT, and above incur a four-year RDSO commencing on the ending date of the last class for which TA was received (ARNG officers serving on Title 10/32 AGR and those who are federally mobilized serve a two-two-year ADSO). The duty status of the officer on the class start date will determine whether an ADSO or RDSO is applied.

b. When ArmyIgnitED does not accurately reflect an Officers AD or AGR time, the SM can request a detailed letter of service from the National Guard Bureau Education Services Branch. The letter will state the times and dates the SM served, and in which capacity. NGB will forward the letter to ACCESS AU Finance Branch to reduce, eliminate, or mandate an education debt.

c. Mobilized SELRES officers not retained on active duty may serve an ADSO or RDSO period of service in an active drilling status within a component of the selective reserve.

**7. Duplication of Educational Assistance.** Below is a summary of benefits considered a duplication when used with FTA. For additional information on duplication of benefits, refer to the latest Army Tuition Assistance policy or AR 621-5.

a. MGIB-SR. ARNG Soldiers may receive FTA and MGIB-SR (Ch 1606) benefits at the same time for the same course when attending half-time or more.

b. MGIB-AD. ARNG Soldiers serving in an M-day status with previously earned MGIB-AD (Chapter 30) benefits, may receive FTA at the same time and the combination of those benefits may be in excess of the cost of tuition and fees. ARNG Soldiers serving on Title 10/32 AGR may receive MGIB-AD benefits in conjunction with FTA subject to the MGIB-AD Top-Up restriction.

c. State-funded TA. ARNG Soldiers using State TA and FTA benefits together may not receive benefits beyond the cost of tuition and fees.

**8. ArmyIgnitED 101 Required Training.** Beginning on 1 Oct 2024, all newly assigned Soldiers using ArmyIgnitED will be required to complete ArmyIgnitED 101 training prior to a counselor approving their education goal. ArmyIgnitED training is designed to ensure Soldiers are aware of the various education programs and services available and to ensure they understand ArmyIgnitED functionality, the process for submitting an education goal and Tuition Assistance or Credentialing Assistance Request, the recoupment waiver process, the ADOS/RDSO requirements, and other administrative procedures, guidelines, and requirements associated with using ArmyIgnitED to apply for FTA and CA.

a. Requirement. ARNG Education staff will ensure all newly assigned Soldiers complete either virtual or in person ArmyIgnitED 101 training. Counselors will not approve an education goal for a newly assigned Soldier until they have completed ArmyIgnitED 101 training. Soldiers who already have an established ArmyIgnitED account and an approved education goal on 1 October 2024, are not required to complete this training.

b. Process. Completion of ArmyIgnitED training can be confirmed as follows;

(1) The Soldier submits a message to the counselor in ArmyIgnitED indicating they have completed virtual/online ArmyIgnitED training (i.e. viewed an online briefing/recording via MS Teams or other online platform). The state must have a means of confirming the Soldier completed online training either by issuance of a certificate of completion or providing other proof of completion such as a unique code.

(2) State Education staff submits a counseling note in the Soldier's ArmyIgnitED account indicating completion of live ArmyIgnitED 101 training either virtually or in person (i.e. virtual briefing, unit briefing, RSP, individual counseling session, etc).

c. Frequency and Access. ArmyIgnitED 101 training will be offered virtually and live through NGB assigned, Title 5, ESSs/SESSs, instructions will be provided by the Chief, Education Services Branch. States are also encouraged to conduct

ArmyIgnitED 101 training on their own and to incorporate the training into their in-processing procedures, RSP briefs, initial formations, etc.

d. Curriculum. A standardized ArmyIgnitED 101 briefing will be provided to education staff via MS Teams. States are encouraged to add their specific state programs to the briefing to ensure Soldiers are aware of the implications of using FTA and State TA programs concurrently.

**13. Out-Processing Soldiers in ArmyIgnitED.** Below are the steps to out-process ARNG Soldiers in ArmyIgnitED.

a. Obtain a list of separating Soldiers. ESOs and/or ESSs will coordinate with the ARNG G-1 representative in the State (i.e. EPM, OSM) to obtain a list of Soldiers separating (typically within three to six months of separation).

b. Check ArmyIgnitED to see if the Soldier used FTA. If so, remind the Soldier that to avoid recoupment, all grades must be uploaded prior to out-processing. If the course has not yet been completed, ensure Soldier has sufficient time in service remaining to complete the course before separation (i.e. 60 days before ETS). If not, provide instructions on submission of a recoupment waiver if the Soldier has a qualifying reason.

c. Update course grades. Counselors can upload/change the course grade(s) in a TAR with a letter on AI letterhead signed by the AI Registrar confirming the grade or a copy of the Soldier's transcript. Upload a copy of the supporting documentation to the Soldier's document file in ArmyIgnitED.

d. Officers that have used FTA. The counselor will determine if the Soldier has an ADSO/RDSO by using the ADSO/RDSO Calculator (located in ArmyIgnitED or on MS Teams in the TA/CA Channel).

e. Soldiers with a pending recoupment. Check if recoupment has been initiated. If not, inform the Soldier that the debt will be collected after their separation (typically via a tax return).

f. For Soldiers who owe a recoupment. In ArmyIgnitED, create a "General Inbox Message" for the ACCESS-Finance Team and attach a copy of the Soldier's separation orders that includes the Separation Program Designator (SPD) code.

g. Submit a counseling note. In ArmyIgnitED, select 'Out-Processing/Separation' option and attached a copy of the Soldier's completed out-processing checklist (See sample at the Appendix to Enclosure 15). You may add additional information to the canned message.

h. Change Soldier's Status. As a final step, on Soldiers record in ArmyIgnitED, select the record status and change to SEP-Retired or SEP-Separated.

i. Additional information on out-processing procedures is located in the TA/CA MS Teams channel, click on FTA, then Out-Processing Tools.

14. **ETP/HTAR Process.** If a Soldier needs an ETP/HTAR created on their behalf, it must be due to a system error, counselor error, AI error. Below are the steps to submit an HTAR:

a. Soldier completes the HTAR form (located in the TA/CA channel on MS Teams) annotating in detail the reason for submission.

b. ESS/ESO ensures HTAR form is completed correctly and all required documentation is included (i.e. course schedule and bill). ESO/ESS combines all documents into one consolidated pdf file and has Soldier sign the request. States will use the following naming convention when saving files; ARNG\_last name\_first name\_month and year, i.e. ARNG\_Smith\_John\_Aug 2024.

c. ESO adds comments and approves or denies the request and submits approvals to regional SESS. Requests submitted without comments will be returned to the state.

d. SESS submits approved request in the SESS Channel in MS Teams. Requests must be received by the 15th of the month for consideration that month.

e. NGB TA/CA Program Manager reviews the request for accuracy and completeness.

f. Chief, Education Services Branch approves or denies the request and submits approvals to ACCESS AU for further action.

g. ACCESS AU approves or denies the request, creates a TAR if approved, and notifies the Chief, Education Services Branch.

h. States will be notified of HTAR approval/disapproval and will contact the Soldier immediately to sign the newly created TAR(s).

Due to limited resources, your State ESS may support you from an alternate location/State. Regardless of their physical location, ESSs are responsible for administering the CA program in their assigned state(s) and providing education counseling and support as directed.

**4. Education Center Assignment.** The following duty status types determine the education center ARNG Soldiers are assigned to:

a. M-Day, Title 32 ADOS, State activated M-Day Soldiers. Assigned to their State Education Center.

b. Title 10 or 32 AGR, Title 10 ADOS, federally deployed M-Day Soldiers. Assigned to the closest Active-Duty Army Education Center.

**5. Eligibility Criteria and Benefits.** For current policy on CA eligibility criteria and benefits refer to the latest Army CA policy located on the [ARNG FTA/CA channel on MS Teams](#) or the [ACCESS AU CA Team](#).

**6. Service Obligation.** There is no required service obligation for any rank to use Credentialing Assistance.

**7. Concurrent use of Veteran's Educational Benefits.** Below is a summary of the benefits considering a duplication when used with CA. For additional information on duplication of benefits, refer to the latest Army CA policy or AR 621-5.

b. State-funded TA. Soldiers using State TA and CA benefits together may not receive benefits beyond the cost of the course, supplies, and fees.

**ENCLOSURE 12:**  
**ARMY PERSONNEL TESTING (APT) PROGRAM**

- b. Army Regulation (AR) 11-6, Army Foreign Language Program, 9 June 2024.
- c. Army Personnel Testing Test Control Officer Handbook, July 2019.
- d. ARNG Army Personnel Testing Handbook, April 2024.

3. **Administration.** State Education Office Staff submit all annual requirements, TCO/ATCO/TE appointments, to [ARNG Test Sites](#) and requests for Exception to Policy (ETP), to [ARNG ETP Request](#) on MS Teams.

a. **Test Site Establishment.** States wanting to establish a new test site or subtest site will submit the Test Site Establishment Memorandum, Test Account Validation Form, local Standard Operating Procedures, TCO/ITCO/ATCO/TE appointment memos, and applicable training certifications located in the Files tab at the top of the ARNG APT channel on MS Teams. Upon test site approval and test site ID issuance, the site will be permitted to conduct tests indicated on the Test Site Establishment Memorandum.

b. **TCO/ATCO/TE Appointment.** Test sites wishing to update testing personnel will use the current TCO/ITCO/ATCO/TE appointment memorandum located on the Files tab at the top of the ARNG Channel. Individual appointment memorandums will identify all testing personnel assigned, accompanied with a matching APT Test Account Validation form, and training certificates outlined in the current APT Handbook. It is imperative all personnel appointment rescissions be processed upon departure. Failure to rescind appointments allows for unauthorized access to APT exams and prevents appointed personnel from taking an APT exam for one year after appointment rescission.

c. **Annual APT Requirements.** Annual APT requirements are due February of each year unless directed otherwise. Each test site must submit; Test Account Validation, Facility Annual Review, and their local Standard Operating Procedures using templates located in the ARNG Army Personnel Testing (APT) Team on MS Teams. Any changes to testing personnel (TCO/ITCO/ATCO/TE) must be included with the annual requirements. Failure to submit annual requirements within the designated timeline will result in test site closure.

d. Exception to Policy (ETP). The State Education Office, for which the Soldier belongs, is the only entity authorized to submit APT ETPs on behalf of ARNG Soldier. State Education Office staff submits all APT ETPs through the ARNG ETP Request Tab located on the ARNG APT Channel. State personnel are to initiate the ETP using the current ETP template memorandum provided in the Files Tab at the top of the channel. The ETP memorandum must include at least one of the following documents demonstrating proof of study.

(1) Certificate of completion of Online Academic Skills Course (OASC) completion (Soldier name must be visible). This is the only online study method authorized for an ETP IAW the APT Handbook.

(2) Basic Skills Education Program (BSEP) training certificate/memorandum signed by training provider indicating 40 hours or more of training.

(3) Course attendance verification signed by the entity providing the Functional Academic Skills Training course instruction is required for those Soldiers requesting to retest immediately following BSEP completion.

4. **Eligibility.** All Army Soldiers (Active Army, USAR and ARNG), as well as other services are eligible for testing in the APT program. The ARNG APT Handbook lists test restrictions for SMs serving in other services. In certain instances, DoD Civilians can also be tested. Examinees must possess a DoD identification card. Members of the IRR and retired SMs are treated as DoD Civilians and must be directed to the nearest UPMEPCOM for testing.

#### 5. **Responsibilities.**

The Testing Program Manager at NGB provides guidance, processes test site requests, appointments and ETPs, receives annual APT requirements, submits to ACCESS Army University (AU), and helps test sites maintain compliance with applicable regulations and policies.

c. ESO. Within 90 days of assignment, ESOs must complete all required training and be appointed as the TCO for the state. The ESO has overall responsibility for ALL ARNG APT test sites in their assigned state.

d. NGB Title 5 DACs/ESSs. Within 90 days of assignment, ESSs located in states with an active APT site within the state education office must complete all required training and be appointed as an ATCO in their assigned state. **EDUCATION IN AND OUT PROCESSING**

1. **Overview.** There are numerous education benefits that Soldiers are eligible to receive while serving while other benefits require Soldiers to complete a service obligation to allow continued use and/or avoid future recoupment (i.e. Federal Tuition Assistance and Transfer of Education Benefit (TEB) Program). To ensure Soldiers are aware of the education benefits they are eligible to receive during and after service, it is essential that every State/Territory/District implement education in and out-processing procedures for Soldiers. In and out-processing procedures include briefings, checklists, and/or individual counseling provided by the education office.

2. **References.**

a. Army Regulation (AR) 621-5, Army Continuing Education System, 28 October 2019.

6. **Administration.** To assist states in out-processing Soldiers, a checklist has been included with this policy (See Appendix to Enclosure 15). State Education staff are encouraged to use this checklist (or a state developed checklist) when counseling Soldiers that are separating from service. The checklist reminds staff to check for outstanding service obligations related to Federal Tuition Assistance and the Transfer of Education Benefit Program and to update coding in GIMS for the MGIB-SR and Kicker program. The checklist also provides education staff an opportunity to discuss education benefits that Soldiers will no longer be entitled to when they separate from service and can be used as opportunity to encourage reenlistment.

7. **Record Keeping.** States are encouraged to upload a completed/signed copy of the checklist to GIMS and ArmyIgnitED. The checklist serves as proof that the Soldier was briefed on the status of their education benefits and any remaining service obligations due to separation. The checklist can also be used as a verification document when responding to congressional inquiries and/or ABCMR requests submitted by the Soldier.
