

Pfc. Brandon Frye

Battery C, 1st Battalion, 134th Field Artillery Regiment ~ Marysville

Frye was born and raised in Knox County where still resides. He said he originally joined the National Guard to win a bet with his best friend. "He didn't think I could make it through basic training, but I did fine." Frye said it has worked out for him because he enjoys helping people in his community. "I work as a team lead at a window factory for warehousing and because of the current health situation, our hours were cut and some staff members ended up having to be quarantined." He said being activated to help at the food bank lets him see firsthand how people are helping others in the community.

Pfc. Brandon Frye is supporting food packaging and distribution operations at the Mid-Ohio Foodbank in Grove City, Ohio during the COVID-19 pandemic.

Ohioans serving Ohioans

Ohio National Guard Soldiers and Airmen are members of your community. They are local students, teachers, law enforcement, retail workers, business owners, your co-workers, family, friends and neighbors. When the Ohio National Guard responds to an emergency or natural disaster, it's Ohioans serving Ohioans right in their own communities. In this series, meet some of the front-line heroes serving during the current COVID-19 relief efforts, as well as a few of our members who've supported past humanitarian missions.
