

2021

ANNUAL REPORT

THE ADJUTANT GENERAL'S DEPARTMENT

PURPOSE

To provide capabilities to achieve state and national priorities.

VISION

To be the first choice!
A trusted team of Soldiers, Airmen and civilians serving our communities, State and Nation through agility, collaboration and leadership.

MISSION

Always ready.
Always there!

Governor DeWine,

As I write to you, the Ohio National Guard and Ohio State Defense Force are transitioning from the emergency response to COVID-19 that began in March 2020 to a smaller, but still flexible, should it be needed, response force. Most of our service members are returning to civilian jobs, college, and military readiness training.

We could never have imagined a mission such as this prior to 2020, but I'm proud of how our men and women stepped up to the task.

More than 4,000 members deployed throughout the year for approximately 70 missions across the state. As examples, they assisted in providing more than 360,000 vaccinations and distributed more than 56 million pounds of food.

Beyond the numbers are the experiences gained by each Soldier, Airman, and civilian employee who contributed to the missions while helping their fellow Ohioans. It affirmed and strengthened their commitment to support this great state and its people.

While the COVID-19 response was a major focus for the organization, Soldiers and Airmen were also called on for short-notice missions.

They cleared debris from critical infrastructure after ice storms in Southern Ohio. They supported local, state, and federal authorities in Ohio and Washington D.C. to ensure a peaceful transition of power during the presidential inauguration.

In addition, more than 1,200 members contributed to our national defense at various locations around the world.

I am honored to serve with the more than 16,000 men and women who have risen to the challenge during this unprecedented time. Their dedication to successfully complete every mission this past year shows why the National Guard lives up to the motto "Always ready. Always there!"

Respectfully submitted,
Maj. Gen. John C. Harris Jr.
Ohio Adjutant General

COVID-19 MISSION

The National Guard's motto is "Always ready. Always there!" That has never been truer than in the past year. March 23, 2021, marked the one-year anniversary of the Ohio National Guard's first mission as part of the state's response to COVID-19, when members answered the call from Gov. Mike DeWine and reported for duty at food banks across the Buckeye State.

"The unwavering commitment of the men and women of the Ohio National Guard has been critical in our statewide response to COVID-19," DeWine said. "They have met each unique mission with determination and resolve, truly making a difference in communities across the state. Every Guard member has my sincerest thanks for their service to their fellow Ohioans and our state."

More than 4,000 Soldiers, Airmen, and members of the Ohio Military Reserve and the Ohio Naval Militia have answered the call to help their communities by supporting approximately 70 missions that have included providing vaccinations, distributing food, and collecting personal protective equipment (PPE) for frontline workers.*

ACTIVATION

Ohio Gov. Mike DeWine activated an initial 400 Ohio National Guard members to support a humanitarian mission at food banks in response to the COVID-19 pandemic.

OPERATION STEADY RESOLVE

Mission Began: March 23, 2020
Deployed: 40 Members

Joint Task Force created

This group of personnel provides planning and oversight of all National Guard missions ordered by governor's proclamation. All members of the Ohio National Guard and Ohio State Defense Force activated for COVID-19 support missions fall under the JTF command structure.

FOOD BANK SUPPORT

Mission Began: March 23, 2020
Mission Ended: July 2, 2021
Deployed: 1,800 Members

Ohio National Guard and Ohio State Defense Force assisted 14 food banks and regional warehouses across Ohio, and received, packed, and distributed more than 150 million pounds of food and groceries to over 2.9 million Ohioans.

PPE COLLECTION

Mission Began: March 23, 2020
Mission Ended: March 18, 2021
Deployed: 170 Members

Ohio National Guard and Ohio State Defense Force assisted the Ohio Emergency Management Agency and the Ohio Department of Health with the state's collection and redistribution of personal protective equipment.

Ohio National Guard answers the call

“We have never experienced such a prolonged or expansive scope of missions as what we’ve seen in the past 12 months,” said Maj. Gen. John C. Harris Jr., Ohio adjutant general. “I am proud of how our men and women have stepped up every time to help their fellow Ohioans, many times while juggling their family life and other responsibilities such as school.”

Ohio Air National Guard Col. Gregg J. Hesterman, commander of the joint task force overseeing the COVID-19 missions, said Ohio Guard members “have been working diligently” since last March.

“We have been serving in food banks, prisons and nursing facilities; accomplished multiple COVID-19 testing locations; transported thousands of test kits; and most recently began administering vaccines to our fellow Ohioans,” Hesterman said. “We will be here until we are no longer needed in fighting this pandemic. It is our honor to serve our neighbors, but we look forward to the coming date when we can say ‘mission complete.’”

The Ohio Adjutant General’s Department was involved with approximately 70 missions during the state’s response to COVID-19.

MEDICAL SURGE CAPACITY

Mission Began: March 30, 2020
Mission Ended: May 11, 2020
Deployed: 60 Members

Ohio National Guard supported the Ohio Department of Health and Ohio Emergency Management Agency to identify potential sites, such as convention centers, for use as alternate care facilities (ACF) to provide medical capacity expansion, if needed. Teams conducted 48 assessments in 28 counties, resulting in the selection of six ACF locations throughout the state.

PRISON SUPPORT

Federal Prison Support

Mission Began: April 6, 2020
Mission Ended: April 24, 2020
Deployed: 40 Members

Ohio National Guard supported the Federal Correctional Institution, Elkton, in Columbiana County, with medical services and equipment.

State Prison Support

Mission Began: April 13, 2020
Mission Ended: March 15, 2021
Deployed: 600 Members

Ohio National Guard and Ohio State Defense Force supported the Ohio Department of Rehabilitation and Correction at more than 20 facilities with various resources to include staffing augmentation, medical care and erection of temporary housing.

LONG-TERM CARE FACILITIES

Mission Began: May 16, 2020
Mission Ended: January 2021
Deployed: 290 Members

Ohio National Guard and Ohio State Defense Force assisted with COVID-19 test sample collection and temporary staffing at more than 30 long-term care facilities throughout the state.

SAMPLE COLLECTION

Mission Began: June 11, 2020
Mission Ended: April 9, 2021
Deployed: 320 Members

Ohio National Guard and Ohio State Defense Force worked with community health partners to offer free swab sample collection for COVID-19 testing at several sites throughout the state to help provide critical information to public health officials. In addition, they provided courier service to deliver samples to laboratories.

COVID-19 MISSION

Continued

Ohio Air National Guard Tech Sgt. Abigail Adams, a licensed registered nurse, first began assisting as part of the COVID-19 testing mission in state prisons last April. She later helped with several other medical missions, including being part of a medical team that provided short-term medical assistance at a nursing home experiencing staffing shortages due to COVID-19.

“I have had the amazing opportunity through this time of activation to sit down with very scared patients and lend an ear,” Adams said. “I have spent countless hours in discussion with them about their fears of COVID-19 and the experience they were going through, and giving my full support and encouragement. I cannot begin to tell you how many of those patients and community members have, in turn, changed my life and encouraged me.”

Army National Guard Staff Sgt. Austin Henry, of Headquarters and Headquarters Company, 216th Engineer Battalion, based in Cincinnati, was among those who provided short-term medical and security support for state correctional facilities.

“After about a month, a lot of the Soldiers, myself included, started to understand what we were there for and understood that the reason we were there was to assist where needed because corrections officers and staff were coming down with COVID. They saw the big picture and every last one of them pushed through to do the mission,” Henry said.

Working with local, state, and federal partners, the Ohio National Guard will continue to be “Always ready. Always there” to help fellow Ohioans and defeat COVID-19.

ADMINISTERING

Mission Began: January 26, 2021
Mission Ended: ongoing
Deployed: 330 Members

Ohio National Guard and Ohio State Defense Force supported the Ohio Department of Health, Ohio Department of Aging, and community partners to administer more than 100,000 COVID-19 vaccines as part of efforts to ensure eligible Ohioans have the opportunity to be vaccinated.

Assisting Southern Ohio after storm

Gov. Mike DeWine directed Ohio National Guard members to assist with ice storm cleanup and debris removal in Gallia and Lawrence counties in February 2021. Approximately 60 Soldiers from the Ohio Army National Guard's 1191st Engineer Company and 40 Airmen from the Ohio Air National Guard's 200th RED HORSE Squadron supported local authorities from Feb. 21 to March 7. They helped clear nearly 230 miles of roadway and hauled away about 490 loads in dump trucks during a 15-day activation.

FEDERAL MISSIONS

OHIO NATIONAL GUARD 16,090 Members

Ohio Army National Guard 11,000 Members

Ohio Air National Guard 5,090 Members

Supporting law enforcement during the presidential inauguration

Ohio National Guard members supported federal authorities during the presidential inauguration in January 2021. Around 1,000 members provided security and other support services in the Washington D.C. area during a peaceful transition of power.

The Ohio National Guard Homeland Response Force (HRF) was mobilized for the first time in its nearly 10-year existence to a location in the area surrounding Washington D.C. The HRF, headquartered in Columbus, supports the Federal Emergency Management Agency Region 5 (covering six Midwestern states), and specializes in saving lives and reducing human suffering during a natural, man-made or terrorist incident in the United States. HRF capabilities include decontamination, search and extraction, medical triage, and command and control functions to support civil authorities.

While the service members who supported the presidential inauguration returned home the week after the event, additional personnel were deployed for enduring security support in D.C. that continued into May.

OHIO ARMY NATIONAL GUARD

The Army National Guard provides infantry, armor, artillery, engineering, transportation, water purification, air defense, cyber, logistics, administrative, medical support, and command personnel who have the training and equipment to perform our federal warfighting mission as well as our state mission to support local authorities during domestic emergencies.

HEADQUARTERS, STATE DEFENSE

MILITARY RESERVE

260 Members

Upon declaration of a state emergency, the Ohio Military Reserve may be called to aid civil authorities through medical and logistical support, as well as volunteer reception and management.

Commanding Officer
Col. Charles Defer

NAVAL MILITIA

20 Members

The Ohio Naval Militia is an organized, unarmed all-volunteer naval unit. Its active mission is to patrol the weapons range impact area off Camp Perry, on Lake Erie, during use of the ranges.

Commandant
Capt. Bethany Carpenter

FORCE

Ohio's State Defense Force can be called by the governor to aid civil authorities.

Commanding Officer
Brig. Gen. Richard J. Vasquez

OHIO CYBER RESERVE

50 Members

The Ohio Cyber Reserve is a volunteer civilian force drawn from private sector cybersecurity experts with the mission to deter, mitigate, and protect critical infrastructure across the state.

Ohio Cyber Reserve deployed

The Ohio Cyber Reserve (OhCR) deployed for the first time since it was established under the Adjutant General's Department as part of the State Defense Force.

A member of the OhCR was deployed on state active duty under the authority of Gov. Mike DeWine to assist in a cybersecurity breach. The member was chosen because of his expertise in the affected network equipment, and he provided assistance remotely for four days.

The response was part of an integrated Ohio National Guard and state government effort to assist an undisclosed government agency in mitigating the breach and cyber ransom activities.

SPECIALIZED UNITS

State Partnership Program

It was a challenging year for international cooperation, given the world's focus on pandemic response and prioritizing domestic needs and requirements. Global travel restrictions brought joint exercises, training, key leadership visits, and other State Partnership Program (SPP) engagements to a standstill.

Despite the challenges, the SPP was able to reinvent the nature and focus of engagements in order to stay relevant and responsive to the needs of our military partners, even if it meant engagements were held virtually.

Maj. Gen. John C. Harris Jr., Ohio's adjutant general, was not able to undertake his annual visits to Hungary and Serbia in 2020. In response, quarterly videoconference calls were set up between Harris and the chiefs of defense for Hungary and Serbia, with the aim to update each other on the state of their pandemic responses and the rapidly evolving roles and responsibilities of their respective militaries. The discussions brought into focus priorities for future cooperation and the way forward to restart in-person joint training and exercises.

Large military exercises are the cornerstone of the Ohio National Guard's partnership with Hungary and Serbia. Such exercises were cancelled in 2020, giving way to virtual medical seminars with partner countries' medical military staff and experts. Seminars focused on exchanging lessons learned, operational best practices, and cooperation with multi-agency partners in the pandemic era.

With a critical exercise at the Joint Readiness Training Center in Fort Polk, Louisiana during the summer of 2021, Ohio National Guard and Hungarian Territorial Reserve Forces continued to focus on training preparations to successfully execute their co-deployment.

Despite the pandemic, the Serbia Educational Alliance established between The Ohio State University and University of Belgrade kicked off in 2020 with a series of virtual guest lectures, workshops and joint sessions on new course and curricula development.

Signatories of two memoranda of understanding agreements (Ohio Department of Higher Education, Ohio Department of Education, Ohio Development Services Agency, Serbia's Ministry of Education, and Serbia's Chamber of Commerce and Trade) signaled their commitment to begin cooperation as soon as possible in 2021.

Despite the challenges during a once-in-a-lifetime global pandemic, the relationships with Hungary and Serbia continue to progress.

Partners with Hungary since 1993

Ohio's partnership with Hungary was established on July 14, 1993, with the signing of a bilateral affairs agreement. The Ohio-Hungary pairing was chosen, in part, due to the large population of ethnic Hungarians throughout Ohio (the most of any state), especially in the metropolitan areas of Columbus, Cleveland, Dayton, and Toledo, as well as shared geographic features. Since the establishment of the partnership, Ohio and Hungary have conducted hundreds of State Partnership Program events in several security cooperation activities ranging from bilateral familiarizations, small unit exchanges, exercises, senior military and civic leader visits to deployments of joint Operational Mentoring and Liaison Teams (OMLTs), in support of Operation Enduring Freedom, which trained Afghan military and police forces.

Partners with Serbia since 2006

The Republic of Serbia signed a bilateral affairs agreement with the U.S. Department of Defense and the state of Ohio on September 7, 2006, establishing the Ohio-Serbia State Partnership. With a substantial Serbian-American community in Cleveland (as well as other Ohio cities) the Ohio-Serbia pairing was a logical choice for Ohio's second state partner. Since then, Ohio and Serbia have conducted more than 100 SPP events in several security cooperation activities ranging from bilateral familiarizations, small unit exchanges, exercises, senior military and civic leader visits to the continued development of the Serbian Armed Forces noncommissioned officer corps as well as a trilateral Medical Readiness Training Exercise (MEDRETE).

Homeland Response Force

Location: Columbus
Strength: 550 Members

Leadership:
Col. Kevin W. Lochtefeld
Command Sgt. Major William Adams

Anytime, Anywhere, No Notice

When directed by the Secretary of Defense, coordinated by the Chief of the National Guard Bureau, and upon consent of the governor(s) during major or catastrophic chemical, biological, radiological, and nuclear incidents, the Homeland Response Force (HRF) and Chemical, Biological, Radiological, Nuclear, and high-yield Explosive (CBRNE) Enhanced Response Force Package (CERFP) alerts, recalls, and deploys critical command and control (C2) and lifesaving capabilities within six hours. On order, HRF and CERFP deploy and conduct C2, search and extraction, mass casualty decontamination, and medical stabilization in order to save lives and mitigate human suffering.

52nd Civil Support Team

Location: Columbus
Strength: 22 Members

Leadership:
Lt. Col. David Foster
1st Sgt. Richard Martinez

First To Respond, Ohio And Beyond

The 52nd Civil Support Team (CST) deploys in support of civil authorities at a domestic Chemical, Biological, Radiological, Nuclear, and high-yield Explosive (CBRNE) or natural disaster incident site by identifying CBRNE agents/substances, assessing current and projected consequences, advising on response measures, and assisting with appropriate requests for state and federal support.

Cybersecurity

Cyber Protection Team (CPT)

Location: Columbus
Strength: 14 Members

Leadership:
Maj. Stephen Whipkey

The CPT was created as a federal deployable asset and designed to act in a national (federal) capacity to protect the U.S. Department of Defense Information Network (DoDIN). Typically, it is deployed in a Title 10 capacity, and performs all manner of incident response where needed. Not all states have this capability. Ohio competed to have a CPT and was selected for a tristate team with Indiana and Michigan.

Defensive Cyber Operations Element (DCOE)

Location: Columbus
Strength: 14 Members

Leadership:
1st Lt. Garrett MacDonald

Each state, territory, and the District of Columbia is authorized a DCOE. Its mission includes performing all manner of incident response for DoDIN, as well as state agencies in a state active duty status.

Cyber Mission Assurance Team (CMAT)

Location: Columbus
Strength: 10 Members

Leadership:
Capt. Jeffrey Archer

CMAT is designed to perform vulnerability assessments on private, civilian entities that directly supports a U.S. Department of Defense critical mission, such as military ammunition or equipment.

147th Regiment, Regional Training Institute

Location: Columbus
Strength: 100 Members

Leadership:
Col. David S. Rhoads
Command Sgt. Maj. Adoree Georskey

Counterdrug Task Force

Location: Columbus
Strength: 58 Members

Leadership:
Col. Michael Flaherty
Sgt. Maj. Dorie Miracle

The Ohio National Guard Counterdrug Task Force provides direct support to law enforcement, schools, and community-based organizations in order to anticipate, detect, deter, disrupt, and defeat illicit drugs and transnational threats to Ohio's communities.

Drug Enforcement Administration's National Prescription Drug Takeback Days

Transported over 12,000 pounds of unused prescription medications to their final destruction location.

Support to law enforcement

Fulfilled 30 requests for support from law enforcement agencies to provide analysis in more than 700 cases that have taken illicit drugs off the streets, resulted in more than 130 arrests, and the seizure of more than \$6 million.

Drug Demand Reduction Outreach

Provided full-time civil operator support to seven different community based organizations (CBOs) in Ohio and part-time support as an additional duty from analysts to 18 different CBOs to improve their ability to achieve full-spectrum prevention through evidence-based strategies. Ohio's civil operators utilize their unique military skills to enhance the outreach capacity of their supported CBOs through institutional training, researching substance abuse trends, and facilitating communication among community partners.

Cyber Shield 2020

The annual Cyber Shield event was conducted virtually in September 2020 due to COVID-19. More than 800 National Guard Soldiers and Airmen from Ohio and more than 40 other states signed in for the training exercise designed to sharpen their skills as network defenders. Among those who participated were members of the Ohio Army National Guard Detachment 2, U.S. Army Cyber Protection Team 172, who worked together on the unit's validation as part of Cyber Shield.

Family Readiness And Warrior Support

Our Soldiers, Airmen, and Families are the foundation of the Ohio National Guard and our greatest resource.

To support them in all phases of their careers, from recruitment through retirement and beyond, we care for our members and their Families through a variety of programs.

The Ohio National Guard Family Readiness and Warrior Support division serves all of Ohio's service members and Military Families. Core objectives of these programs include preparing troops and Families for deployment, building resiliency in Military Families and members through aggressive individual and Family programming including camps and retreats, and executing specific predeployment briefings and post-deployment reintegration programs for troops, Families, and employers.

Family Readiness Training

The Family Readiness program offers training through the brigade Family Readiness support assistants for all unit commanders, Family Readiness military liaisons, and Family Readiness Group volunteers. The training provides a foundation to build, operate, and support a Family Readiness Group in the Ohio National Guard. In 2020:

- 108 Volunteers and Military Members trained in Family Readiness rules and regulations
- 5,422 Volunteer hours logged
- 81% Average State Readiness Report grade

Military Funeral Honors

The Ohio National Guard Military Funeral Honors Program performed 12 honorable transfer of remains for active duty deaths and completed 4,109 military funeral honor missions in support of veterans, National Guard Soldiers, and active-duty deaths.

Yellow Ribbon Reintegration Programming

The Yellow Ribbon Reintegration Program gives National Guard members and their Families an overview of services and benefits that are available to them during their mobilization period. In total, in FY20, 516 Family Members and 1,163 service members were provided information, education, and resources to assist them with the rigors of deployment and reintegration into family, community, and employment life.

Strong Bonds Events

Despite COVID-19, the State Chaplain's Office used virtual platforms to provide Strong Bonds programming for 618 Soldiers and 238 Family members. These events provided invaluable time for Soldiers and Family members to reconnect and strengthen their relationships.

Inter-Service Family Assistance Committee (ISFAC) and Regional Inter-Service Family Assistance Committee (RISFAC)

The Inter-Service Family Assistance Committee's purpose is to connect Military Families with national, state, regional, and community resources as well as volunteer support services. Due to COVID-19, only one quarterly meeting was held with 49 members in attendance.

The Regional Inter-Service Family Assistance Committee (RISFAC) was designed to bring together community partners and local military unit representatives, as well as the volunteers from each of the units' Family Readiness Groups. In 2020, there were 329 community partners throughout the state who attended the RISFAC meeting.

Troop and Family Assistance Centers

Ohio Troop and Family Assistance Centers (TFAC) across the state provide local resources and referral services to Ohio's military members and Families.

TFAC Specialists conducted 4,947 outreach calls in 2020 to Families of deployed service members, and had more than 1,000 cases that included requests for short-term emergency financial assistance, employment assistance, and referrals to other support organizations.

National Guard Employment Enhancement Program

The National Guard Employment Enhancement Program completed its fifth year providing employment support and services to Ohio National Guard members, veterans, reservists from other components, and Military Families. Employment placement decreased 15.5% from FY2019 because of reduced hiring opportunities in the job market.

Youth Programming

The Youth Program's mission is "To empower and support the social, emotional, and academic needs of Ohio Military Youth across Ohio; building resilience and helping create self-confidence." In 2020, the Youth Program impacted over 3,800 Ohio Military Youth and Family Members with events and programs that included virtual camps, holiday activity boxes, and family activities

Operation Solid Start

Operation Solid Start is a new initiative that consists of 10 Soldier and Family Readiness Specialists (SFRS) assigned to Recruit Sustainment Program (RSP) cadres throughout the state. The intent of Operation Solid Start is to provide direct career preparation, coordinated financial services, delivery of financial education and teaching Soldiers how to manage a wage once earned. It targets readiness at the individual level early in the military career and creates stability at home and within the unit to aid Soldiers to achieve individual and collective training requirements in preparation of state and federal mobilization and missions.

Survivor Outreach Services

The Survivor Outreach Services (SOS) program provides long-term case management for Families of our fallen heroes. There are more than 2,300 Survivors being engaged with on a regular basis, and SOS coordinators held 31 unique partnered or individual events reaching 2,018 individuals across the state.

Military OneSource

Military OneSource provides services and tools to all branches of service, active duty, Guard and Reserve. During fiscal year 2020, Ohio's Military OneSource consultants provided support at 21 events with 4,291 attendees, conducted outreach with a total of 3,926 organizations and individuals that resulted in 461 community capacity meetings, and provided direct support to 1,128 individuals.

Education & Incentives

Education benefits are a significant incentive for recruiting and retaining quality Soldiers and Airmen in the organization. In addition, as technology constantly evolves, the educational and knowledge demands on our force increase proportionately. Providing a variety of federal and state programs and educational benefits — including tuition assistance, student loan repayment, and induction and retention bonuses — the Ohio National Guard reaps better educated, well-rounded personnel to operate high-tech systems and lead our Soldiers and Airmen.

Ohio National Guard Scholarship Program (ONGSP) \$ 16.1 million

The Ohio National Guard Scholarship Program awards college scholarships to Army and Air National Guard members.

In the state fiscal year 2021, just over 4,570 scholarships were processed for payment resulting in an appropriation expenditure just over \$16.1 million.

Payments During Federal Fiscal Year 2020

Army National Guard

Student Loan Repayments	\$	1.6 million
Repayments made by 149 Soldiers		
Federal Tuition Assistance	\$	859,000

Chapter 33	\$	19.2 million

Education Assistance

The National Guard has an incentive program consisting of multiple bonus types as well as the Student Loan Repayment Program. All payments for these programs are processed and reviewed at the Ohio National Guard headquarters before being sent to National Guard Bureau for further review and payment.

Community Outreach

The Ohio National Guard Community Outreach Program builds relationships with key stakeholders to promote understanding about the Ohio National Guard and improve the readiness and resiliency of Soldiers, Airmen, and their Families in their respective communities, including partnering with employers, clergy, and health care providers, among other groups.

Community Relations

The Ohio National Guard is an active member of its community and regularly supports requests for participation of military vehicles in parades, speakers at high schools, and equipment displays at community events.

Due to COVID-19 and restrictions on public events, the Ohio National Guard's support for community relations events continued to be curtailed during state fiscal year 2021.

WORKFORCE & FUNDING

Among drill weekends, annual training periods, state activations and deployments, the Ohio National Guard is administered, trained, and equipped through the efforts of the nearly 22% of our workforce that makes up the full-time staff. The full-time staff includes federal Active Guard Reserve members, federal Title 32 dual-status technicians, federal Title 5 National Guard employees, and State of Ohio employees. They are the core of the force, ensuring that our traditional drill status Guard members are always ready to serve. The department's full-time workforce is 47% Active Guard Reserve, 39% federal Title 32 technicians, 7% federal Title 5 National Guard employees, and 7% state employees.

Adjutant General's Department State Funding

General Revenue Fund \$ 10,341,717

State General Revenue Funds come from Ohio income tax revenues. General Revenue Funds complement federal grants for administration of the Ohio National Guard and provide the minimal amount of administration and facilities management funded fully by the state.

Rotary Fund \$ 1,124,102

Rotary funds come from self-sustaining operations of the Ohio National Guard, such as Camp Perry's transient lodging program and range rentals, as well as the sale of any Ohio Army National Guard armories and property.

Ohio Cyber Range (OCR) \$ 1.2 million

OCR is a secure virtual environment used for cybersecurity training and technology development. OCR is accessible for competitions, training, and as a testing environment for schools, governments and businesses. Range sites are located at the University of Cincinnati and the University of Akron.

State Defense Force \$ 8,549

OHIO MILITARY RESERVE (OHMR)
OHMR is a volunteer force available to augment the Ohio National Guard. The Adjutant General's Department provides state General Revenue Fund support for OHMR operations, including the cost of housing and feeding members during their annual training period, and providing supplies and other necessary day-to-day items.

OHIO CYBER RESERVE (OhCR) \$ 17,631

OhCR is a volunteer civilian force under the command of the adjutant general available for the governor to assist eligible municipalities with cybersecurity vulnerabilities and provide recommendations to reduce cyber threats. OhCR volunteers will also provide workforce development to train the cyber talent of the future and assist STEM teachers by providing mentors for high school cyber clubs.
