OHIO ADJUTANT GENERAL'S DEPARTMENT ANNUAL REPORT

MISSION

Ohio Adjutant General's Department provides world class services, specialized support, and innovative solutions to protecting our national interests and the people of Ohio.

Anytime, Anywhere.

Governor DeWine,

It is my privilege to present to you the accomplishments of your Ohio National Guard and State Defense Force members, which are highlighted in this annual report.

Just days before Christmas 2021, with cases of COVID-19 again surging in Ohio and putting a strain on our health care system, Ohio National Guard members put their personal lives on hold to answer the state's call for help. From December through February, a total of about 2,000 Guard members assisted at COVID-19 testing centers and hospitals across the state as part of clinical and general support teams. After two years and more than 70 missions conducted by more than 5,000 Guard and State Defense Force members, all COVID-19 related missions ended in March 2022.

More than 1,000 of our men and women deployed for federal missions across the globe. After Hurricane Ida left a path of destruction through Louisiana in late August 2021, about 170 members from several units within the 112th Transportation Battalion, headquartered in North Canton, were among about 3,500 National Guard members from several states who answered Louisiana's call for assistance.

We celebrated a milestone with our friends in the Republic of Serbia, as we reached the 15-year mark of our State Partnership Program collaboration. Our bond started in 2006 and is stronger today, as we each regularly commit forces to conduct joint military exercises, as well as senior military and civic leader visits.

The C-130 Hercules has flown for the last time at Mansfield-Lahm Air National Guard base in Mansfield, as the wing prepares to transition to what is expected to become the first cyberspace wing in the Air National Guard, helping keep Ohio at the forefront of technology and relevancy in defense of our nation.

Our Citizen-Airmen and Citizen-Soldiers have stepped up in numerous ways in the past year. Their selfless service to our great state and nation has been outstanding. I'm humbled to serve alongside the more than 16,000 men and women in the Ohio National Guard and the State Defense Force.

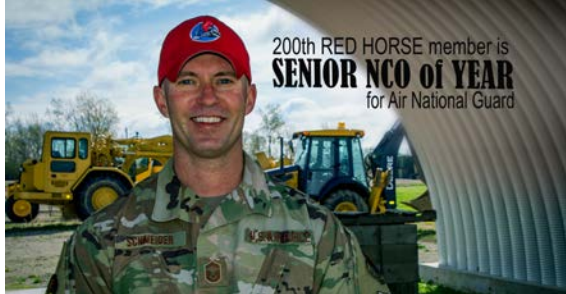

Respectfully submitted,
Maj. Gen. John C. Harris Jr.
Ohio Adjutant General

SPECIALIZED UNITS

STATE PARTN

PARTNERS WITH HUNGARY SINCE 1993

Ohio's partnership with Hungary was established on July 14, 1993, with the signing of a bilateral affairs agreement. The Ohio-Hungary pairing was chosen, in part, due to the large population of ethnic Hungarians throughout Ohio (the most of any state), especially in the metropolitan areas of Columbus, Cleveland, Dayton, and Toledo, as well as shared geographic features. Since the establishment of the partnership, Ohio and Hungary have conducted hundreds of State Partnership Program events in several security cooperation activities ranging from bilateral familiarizations, small unit exchanges, exercises, senior military and civic leader visits to deployments of joint Operational Mentoring and Liaison Teams (OMLTs), in support of Operation Enduring Freedom, which trained Afghan military and police forces.

HOMELAND RESPONSE FORCE

Location: Columbus
Strength: 550 Members
Leadership:
Col. Kevin W. Lochtefeld
Command Sgt. Major William Adams

Anytime, Anywhere, No Notice

When directed by the Secretary of Defense, coordinated by the Chief of the National Guard Bureau, and upon consent of the governor(s) during major or catastrophic chemical, biological, radiological, and nuclear incidents, the Homeland Response Force (HRF) and Chemical, Biological, Radiological, Nuclear, and high-yield Explosive (CBRNE) Enhanced Response Force Package (CERFP) alerts, recalls, and deploys critical command and control (C2) and lifesaving capabilities within six hours. On order, HRF and CERFP deploy and conduct C2, search and extraction, mass casualty decontamination, and medical stabilization in order to save lives and mitigate human suffering.

CYBERSECURITY

U.S. ARMY CYBER PROTECTION TEAM 172

Location: Columbus
Strength: 20 Members
Officer in charge:
Capt. Jeffrey Archer

The U.S. Army Cyber Protection Team (CPT) 172 was created as a federal deployable asset and designed to act in a national (federal) capacity to protect the U.S. Department of Defense Information Network (DoDIN). Typically, it is deployed in a Title 10 capacity, and performs all manner of incident response where needed. Not all states have this capability. Ohio is currently allotted the CPT headquarters element, with a detachment in Michigan.

DEFENSIVE CYBER OPERATIONS ELEMENT

Location: Columbus
Strength: 10 Members
Officer in charge:
Maj. Stephen Whipkey

Each state, territory, and the District of Columbia is authorized a Defensive Cyber Operations Element (DCOE). Its mission includes performing all manner of incident response for DoDIN, as well as state agencies in a state active duty status.

ERSHIP PROGRAM

PARTNERS WITH SERBIA SINCE 2006

The Republic of Serbia signed a bilateral affairs agreement with the U.S. Department of Defense and the state of Ohio on Sept. 7, 2006, establishing the Ohio-Serbia State Partnership. With a substantial Serbian-American community in Cleveland (as well as other Ohio cities) the Ohio-Serbia pairing was a logical choice for Ohio's second state partner. Since then, Ohio and Serbia have conducted more than 100 SPP events in several security cooperation activities ranging from bilateral familiarizations, small unit exchanges, exercises, senior military and civic leader visits to the continued development of the Serbian Armed Forces noncommissioned officer corps as well as a trilateral Medical Readiness Training Exercise (MEDRETE).

EDUCATION

EDUCATION & INCENTIVES

Education benefits are a significant incentive for recruiting and retaining quality Soldiers and Airmen in the organization. In addition, as technology constantly evolves, the educational and knowledge demands on our force increase proportionately. Providing a variety of federal and state programs and educational benefits — including tuition assistance, student loan repayment, and induction and retention bonuses — the Ohio National Guard reaps better educated, well-rounded personnel to operate high-tech systems and lead our Soldiers and Airmen.

PROGRAMS

ONG SCHOLARSHIP PROGRAM

The Ohio National Guard Scholarship Program awards college scholarships to Army and Air National Guard members.

In the state fiscal year 2022 the Ohio National Guard Scholarship Program processed 4,248 scholarships against a \$19 million appropriation.

EDUCATION ASSISTANCE

The National Guard has an incentive program consisting of multiple bonus types as well as the Student Loan Repayment Program. All payments for these programs are processed and reviewed at the Ohio National Guard headquarters before being sent to National Guard Bureau for further review and payment.
